HOROSCOPES

By Holiday

SATURDAY, AUGUST 27, 2016

ARIES (March 21-April 19). The narrative you put together in your mind to explain who you are, how you got here and where you're going is overdue for some scrutiny. In short, the story in your head is running the story of your life, so make it good.

Taurus (April 20-May 21). They want to know what you think and will seek your opinion to find out where you're coming from. There are better ways to show who you are than sharing your opinion, though, so stay alert to opportunity.

GEMINI (May 21-June 21). Exercise, reading, studying music-- these are not frivolous extras to reward yourself with when you are "good." They are keys to your happiness and as important as other things you do to keep life running smoothly.

CANCER (June 22-July 22). What would you like a second crack at? It's a day of do-overs. And if you've failed to make a desired impression on someone, you can use today's particular kind of luck to turn it all around.

LEO (July 23-Aug. 22). You've no desire to be singled out for praise, placed in a special category or treated differently from anyone else. However, when this happens (and it will happen) be ready to graciously receive it before you deflect the energy.

VIRGO (Aug. 23-Sept. 22). Choose your passions carefully. Some are more manageable than others. As for interests that are known to be difficult to control, for now it may be best to exclude them altogether. You have a sense about trouble, so use it.

LIBRA (Sept. 23-Oct. 23). If it's not difficult, you won't be in the mood for it today. Only challenges that are worthy of your effort need apply! The same goes for your amusements. You'll keep your standards high.

SCORPIO (Oct. 24-Nov. 21). Even though your plans obviously shape your experience, that experience always happens in the present moment. If the plan isn't working well, be ready to throw out the script and wing it.

SAGITTARIUS (Nov. 22-Dec. 21). Your ancestors had to struggle for freedom. It's a different battlefield these days, but the battle is the same. The fight will continue with you. Be valiant.

CAPRICORN (Dec. 22-Jan. 19). Shiny things are often just reflecting the brilliance of some other source, like the sun. What you really need right now is not the reinterpretation of brilliance; you need the actual brilliance. Go to the original source.

AQUARIUS (Jan. 20-Feb. 18). The nervous energy will keep building up until you discharge it. Start a project that will help you channel this in a positive direction. Tonight features fascinating chemistry.

PISCES (Feb. 19-March 20). Contrary to popular myth, science proves that goldfish have memories longer than three seconds. And those who think that you, dear fish, don't remember who owes you big-time will have another thing coming.

TODAY'S BIRTHDAY (Aug. 27). Those on the outside might think you're acting on impulse or winning by luck when the truth is that you're acting out of a profound instinct for what's right and best and winning because you've been preparing for years to do just that. Exceptional relationships send you to new emotional heights in November and March. Leo and Capricorn adore you. Your lucky numbers are: 30, 7, 10, 48 and 21.

Employment 335

Purpose: This position is responsible for effectively operating the plant equipment to ensure the quality and quantity of ethanol fuel production is optimized.

Environment: Pacific Ethanol is the leading producer and marketer of low-carbon renewable fuels in the western United States. With the addition of four Midwestern ethanol plants in July of 2015, we have expanded our operations and sales footprint, more than doubling our scale, entering new markets, and expanding our mission to become the industry leader in the production and marketing of low-carbon renewable fuels.

The following is a list of essential duties and responsibilities for this position along with certain supportive duties; this list is not all-inclusive. This job description may be modified as needed.

Essential Duties and Responsibilities:

1. Operates equipment to achieve optimal performance.
2. Adjusts equipment settings to ensure the ethanol produced meets quality and quantity expectations.
3. Inspects and maintains the equipment to ensure proper processing.
4. Inspects the quality and of the product and documents the result at certain intervals of the production process.
5. Completes daily shift production logs.
6. Coordinates with lab technicians to ensure product quality.
7. Investigates, monitors and reports deviations from production standards.

Education/Experience:

1. High school diploma or equivalency.
2. Minimum one-year process and equipment experience.

Qualifications:

1. Excellent computer skills; familiarity with operation software.
2. Excellent hand-eye coordination; safety cautious.
3. Experience working with lab testers and plant equipment.
4. Ability to follow directions, and work well with little supervision.
5. Excellent written and oral communication skills.
6. Driver's license.
7. Ability to safely and effectively coordinate multiple projects/tasks.
8. Bilingual skills are (English/Spanish) preferred.
9. Must have the ability to work different shifts and overtime. This includes the possibility of short-term and long-term shift reassignment to match the needs of the business.

To apply, and for a full list of responsibilities and requirements, please go to our Careers Page at <http://www.pacificethanol.net/careers>. No phone calls please.
