

# Meet our newest primary care physician.

## Jennifer Poste, MD Internal Medicine & Endocrinology

As an internal medicine physician Dr. Poste is trained in dealing with the prevention, diagnosis, and treatment of chronic diseases. Dr. Poste is able to care for individuals with arthritis and rheumatology, cancer, infections, cardiac conditions, allergies, gastric conditions, blood diseases, conditions affecting the lungs, and many other conditions.

As an endocrinologist, Dr. Poste, is specially trained to diagnose and care for diseases relating to the endocrine system. Some of these conditions include diabetes, thyroid diseases, metabolic disorders, cholesterol disorders and many others.

If you are in need of a primary care physician call Dr. Poste today. Now welcoming new patients.

“ I am a believer in preventative management — finding something early can slow down, stall and even reverse the progression of some diseases. I’m truly looking forward to building lasting relationships with my patients. ”
