HOROSCOPES

By Holiday

TUESDAY, SEPTEMBER 13, 2016

ARIES (March 21-April 19). Consider the importance of passing on a verbal legacy of positive stories. Those who hear of the strength and fortitude of earlier generations will be inspired to find greatness inside themselves, too.

Taurus (April 20-May 20). A relationship that has been at odds now has a good chance at aligning most auspiciously for both parties. Differences become less significant as you see ways to serve a mutual interest.

GEMINI (May 21-June 21). You want to be inspired. You want to be challenged. The person who can do this without thinking, flinching or worrying in the least how you'll react to the dare will kindle a mighty attraction in you.

CANCER (June 22-July 22). Don't forget about the stories common to your family or group. These verbal traditions, passed from generation to generation, communicate the shared values of the group, which include strength and commitment.

LEO (July 23-Aug. 22). The natural drive is to relieve tension. That's why some people can't resist popping the bubble wrap. However, it would be a mistake, and a missed opportunity, to let the tension out of a relationship too soon.

VIRGO (Aug. 23-Sept. 22). In most of life's deep questions, the answers lie in the context. Because each situation is unique and complex, one quantifiable answer is never going to fit all. In a related story, be wary of vitamin salesmen and the like today.

LIBRA (Sept. 23-Oct. 23). You've so much energy to bring to an arrangement that finding another leader who matches your level will be nearly impossible. Assuming you're going to lead, now is the time to work on your vision. Hone one that will be good for all.

SCORPIO (Oct. 24-Nov. 21). You need to make an intellectual connection today even more than you did yesterday, otherwise you're going to feel alone on your thought plane and unsure about what to want next. Seek company with the like- and high-minded.

SAGITTARIUS (Nov. 22-Dec. 21). Scientist and statesman Ben Franklin called his habit of journaling the "constant felicity" of his life. You, too, will delight in keeping track of your life in this way, as it will give you clarity now and later, a lifeline to the past.

CAPRICORN (Dec. 22-Jan. 19). Your virtues are not being disputed, nor your contributions contested. And yet, you still feel opposed by someone who is supposed to be on your side. It's time to ask: What is this argument really about?

AQUARIUS (Jan. 20-Feb. 18). If you got your way all of the time, life would become unbearably boring. Today will bring an encounter with someone who challenges you and makes you feel driven to earn respect and attention.

PISCES (Feb. 19-March 20). You never seem to tire of trying to make life better for the ones you love. Their happiness is the basis for yours. That person who finds it easy to get and stay happy is the golden gift in your life.

TODAY'S BIRTHDAY (Sept. 13). Even though the year is what you make it, there are certain drops of undeniable good fortune that keep your spirit glowing strong. The boundaries you establish will stand you in good stead in both your personal and business life. Make friendship a priority in November. You'll travel for love in April. Sagittarius and Pisces adore you. Your lucky numbers are: 20, 3, 19, 44 and 66.
