HOROSCOPES
By Holiday

THURSDAY, OCTOBER 6, 2016

ARIES (March 21-April 19). Today is rife with potential for emotional excitement. Steer clear of touchy conversational topics and hot buttons in general. Stay alert; some seemingly innocuous items could have symbolic significance to others.

TAURUS (April 20-May 20). The hardline approach just isn't working. Let things slide a bit today, in the name of self-compassion. Do the best you can, and let the cards fall where they may.

GEMINI (May 21-June 21). When you're distancing yourself, you're doing it for a reason. More reality is often more stress. For now it's enough to be a kind observer of yourself. What do you think you're trying to accomplish with your behavior?

CANCER (June 22-July 22). High-tech scales can report water and body fat percentages now. Regardless, what's controllable in the scenario is what always has been: what goes into your mouth and how you burn it off. This plays large into your day.

LEO (July 23-Aug. 22). Extreme cuteness has a way of melting your heart. So do extremes of pathos, need, affection, vulnerability, softness, beauty and more. You'll come across remarkable instances of at least one or more of these qualities today.

VIRGO (Aug. 23-Sept. 22). Studies show that daily hassles can have a more significant impact on health and well-being than big life events do. That's why it's important to fix the small things that are bothering you. Do it now.

LIBRA (Sept. 23-Oct. 23). People who are overly dramatic (or who, through no fault of their own, just happen to need lots of attention) make it harder for you to choose the actions that will uphold values that reflect what you care about.

SCORPIO (Oct. 24-Nov. 21). Food could be and should be a pleasure. Instead of wondering what will work adequately for your next meal, you want to delight in the daily practice of eating. What would be ecstatic on the taste buds?

SAGITTARIUS (Nov. 22-Dec. 21). The ability to observe external and internal information is governed by different parts of the brain. Switch back and forth often today. There will be magic in the fusing of your outside and inside worlds.

CAPRICORN (Dec. 22-Jan. 19). You would like to have more empathy, love and compassion, but you also have goals to reach that disallow you to spend too much time trying to sort out and cater to those messy things called "feelings." There's the rub.

AQUARIUS (Jan. 20-Feb. 18). Your friend seems happy to accept what is. Why can't you be? Sometimes it's problematic to have this kind of mind that reaches here, there and everywhere for answers, but thinkers like you are integral to the human race.

PISCES (Feb. 19-March 20). You'll embrace differences, dance with complexities and have your way with the contrasts that make life so interesting. With your open mind and big spirit, you'll accomplish unusual things.

TODAY'S BIRTHDAY (Oct. 6). That part of your life that has been frustrating you gets lifted and solved, and it will have you soaring in big ways in 2017. Dedicate yourself fully to a mental or physical fitness challenge in the next 10 weeks, because this will favorably alter your fate. Love bonds are made when you're part of a team. Leo and Aquarius adore you. Your lucky numbers are: 7, 20, 15, 38 and 45.
