Finding Nemo?
Finding Dory?
Finding Inky?

NEW ZEALAND – One night in April, Inky the octopus slipped silently out of his _____ at New Zealand’s National Aquarium.

The aquarium staff followed his little suction cup _____ to discover that Inky had escaped through a small gap at the top of his tank.

Once out of the tank, Inky _____ across the floor to a six-inch-wide drain. He squeezed his football-sized body through the drain which took him into the Pacific Ocean. And

nobody has _____ Inky since that night!

Shape Shifters

An octopus has a _____ body and can squeeze its body into very small spaces. In the sea, they like to live _____ in small caves, spaces under rocks or even in pottery that falls from passing _____.

Inky was added to the aquarium in 2014. He had been injured when he was caught in a crayfish pot.

Keep An Octopus Occupied

Octopuses are very _____ to keep in aquariums. If they get bored, they start to take things _____. In 2009, an octopus at the Santa Monica Pier Aquarium in California took apart a valve and caused a flood. Another octopus took apart a little robot _____ that was in its tank.

Eight Arms or Legs?

An octopus has eight arms . . . or are they legs? Scientists think two of the limbs act as legs, and the rest more like arms.

These limbs are called **tentacles**. Each tentacle has two rows of suckers that sense taste. If an octopus loses a tentacle, it can grow a new one!

Kid Scoop VOCABULARY BUILDERS

This week's word: **VALVE**

The noun **valve** means a mechanical device that controls the movement of liquid, gas or loose material and may be controlled by a moveable part.

We opened the **valve** to allow the water to drain.

Try to use the word **valve** in a sentence today when talking with your friends and family members.

Write On!

My Pet Octopus

Pretend you have a pet octopus. Describe what life is like with this pet. Be imaginative! Is it trained?

Kid Scoop Puzzler

Usually, an octopus is brown. But if it gets angry or scared, it changes color depending upon the mood. And it also can change colors to blend in with rocks, coral, sand and more. This is called **camouflage** (*kam-O-flawj*). Color each little octopus so it matches the background to hide.

Standards Link: Reading Comprehension: Follow simple written directions.
