ARIES (March 21-April 19). The one you had so many opinions about, well, those opinions will change as you get to know the person better. However, first impressions are true impressions. Don't forget them!

TAURUS (April 20-May 20). Everything is fitting together for you. So why does that not have a relaxing effect on your life? You're more determined than ever to attain a higher level of mastery or means.

GEMINI (May 21-June 21). Your partners in this journey will share your enthusiasm for it, but you'll have to get things started. This weekend they'll need to be wound tight, revved up and cheered on.

CANCER (June 22-July 22). Go on. Walk in. They'll wonder who you are and what you do. The assumption will be made that you are a VIP. The confidence you exude will send up smoke signals.

LEO (July 23-Aug. 22). You can't control it all, and yet you still take full responsibility for the way things turn out. It's not always good, but even when it's bad you learn something valuable.

VIRGO (Aug. 23-Sept. 22). Your belief will set you apart from the others, not because it's so different, but because you believe it so thoroughly. You are truly the best example of this belief. You live it.

LIBRA (Sept. 23-Oct. 23). The root of intelligence is curiosity. Give credit to the person who asks you many questions. Be wary of the one who is not curious enough. A Capricorn or Virgo will be an asset to your business.

SCORPIO (Oct. 24-Nov. 21). The subconscious is a genius. When you drive, shower or generally just "veg out" - that's when the most interesting mental stuff will come up. Getting lost in your thoughts will be the perfect way to solve a puzzle.

SAGITTARIUS (Nov. 22-Dec. 21). Nature doesn't make exactly straight lines. While trying to draw your boundaries you'll be faced with plenty of inconsistencies and variations - totally normal! Life is an imperfect process. Keep going.

CAPRICORN (Dec. 22-Jan. 19). As for that person who is definitely one above you, well - maybe not. Stop comparing. The photo lies. It's been filtered. There's not that much sunshine on anybody's face. Relax. Everyone will get his or her due.

AQUARIUS (Jan. 20-Feb. 18). It's all tight spaces and limited funds today, but the creativity that springs from this frustrated circumstance is truly inspired. No complaints; march on.

PISCES (Feb. 19-March 20). Research and plan. Learning as much as you can about upcoming events will be your ticket to comfortable confidence when the special day finally comes to pass.

TODAY'S BIRTHDAY (Oct. 22). Your loved ones grace you with unexpected joy in the last months of the year; what could be better? There will be a trade that favors you in December. Also, you'll work your way through an educational process, and by August this will change your mind about many things, love included. Sagittarius and Leo adore you. Your lucky numbers are: 4, 20, 5, 42, 11 and 28.
