ARIES (March 21-April 19). Your home should be a refuge, and yet you spend an awful lot of time tiptoeing around people and circumstances relating to the domestic lately. That's not peaceful! Make a move to improve this before it spoils your well-being.
TAURUS (April 20-May 20). Don't hold on to secrets or shame out of fear of being judged. Half the time people are so into their own dramas that they could care less about yours. Tell, don't tell – that doesn't matter. But in your own mind, let it go and be free.
GEMINI (May 21-June 21). What's in the stars for you now is a love as pure and all-consuming as a mother's love for a child, only not from your mother and not for the childish part of you. This is a full-grown affection.
CANCER (June 22-July 22). To join another person's world requires you to leave your own for a little while. Do you find this scary or adventurous? Probably both today, though you might be calmed by your accompaniment.
LEO (July 23-Aug. 22). When you're in that bubbly, break-the-ice kind of mood you're liable to say the things that bring people together, make them giggle and also possibly ruffle feathers. If that happens, it's par for the course.
VIRGO (Aug. 23-Sept. 22). Celebrities lend their endorsements to products for financial gain, but you have something much more integral at stake. You only make recommendations for what you absolutely believe in, a habit you'll repeat today.
LIBRA (Sept. 23-Oct. 23). Since you're in such a hurry this week, here's a time-saver: Learn as much as you can about where you're going before you take the first step. See your desired result in action.
SCORPIO (Oct. 24-Nov. 21). Whatever you want to accomplish today, it will happen through networks. Bonus: You'll see where you could add a few people – people with different skills who are thrilled to be aligned with your specialness.
SAGITTARIUS (Nov. 22-Dec. 21). Your friends might falter. Now it's up to you to uphold the values of kindness and decency, which, paradoxically, you'll do in the most humorous and irreverent manner.
CAPRICORN (Dec. 22-Jan. 19). Your whole being leans toward one primary aim – to raise the energy around you wherever you go. It's a secret intention, perhaps an unconscious one, and a noble purpose for sure.
AQUARIUS (Jan. 20-Feb. 18). How do you get better? The answer is really simple. Live. Live consciously. Pay attention. Attention is love. If you seek improvement, you'll tend to it, which is the same as loving it, which is eventually becoming it.
PISCES (Feb. 19-March 20). Do you know someone who already has what you want? This will be most helpful. You need to analyze the qualities and know all there is to know about them.
TODAY'S BIRTHDAY (Nov. 12). The solar year brings a sense of coming into your age – a new era of you! It's something special. There's an expression you've been wanting to project, and now you can't help but do so. It's a fresh role. It changes your whole game, from love to money to personal beliefs – a real transformation. Capricorn and Aries adore you. Your lucky numbers are: 4, 6, 3, 9 and 22.
