HOROSCOPES

—By Holiday—

FRIDAY, NOVEMBER 25, 2016

ARIES (March 21-April 19). In the name of understanding where another person is coming from, you'll learn about things that don't interest you or you'll take part in activities you never thought you would. It will either build character or the relationship or both.

TAURUS (April 20-May 20). You're going to change; you're not going to lose who you are, though. By arranging the "you" differently, you'll appear to be, and therefore experience life as, someone else.

GEMINI (May 21-June 21). You're in a sweet position to negotiate, because you don't really need the thing you're bargaining for. Be ready and willing -- almost eager -- to walk away from the deal, and you'll get the best one imaginable.

CANCER (June 22-July 22). When others treat you poorly it doesn't bring your value down; it brings theirs down. If this happens, remain reasonable and rise above it. If, from that view, you still think a sharp response will help, apply it mindfully.

LEO (July 23-Aug. 22). You've a new deliberateness to your being. You show up, tune in, keep flowing attention to what you're doing and execute the action like it's the only thing that exists in the world moment. For you, it is.

VIRGO (Aug. 23-Sept. 22). Make your point, but don't present it as though it's the absolute way and truth. You'll be more convincing if you present it as one good option. Bring up the opposition, if only to prove you understand what you're up against.

LIBRA (Sept. 23-Oct. 23). These are normal conditions -- no extraordinary circumstances here to factor in. Therefore, what you see is not only what you get. It's what you'll get more and more of. Is that acceptable to you? If not, do something now.

SCORPIO (Oct. 24-Nov. 21). There are those who believe that the morally correct thing to do is that which results in the happiness of the majority. You know better. Right is right, and wrong is still wrong even when it's the popular choice.

SAGITTARIUS (Nov. 22-Dec. 21). As conclusive as it may be, the evidence that, as of yet, has gone undiscovered cannot be factored into your decision. Buy time. Delay the conclusion. You need to know more. Don't act now. Better to wait and see.

CAPRICORN (Dec. 22-Jan. 19). Someone is trying to convince you that the story is neither true nor false -- that the amount of truth it holds should be enough. Let this be a red flag. The fuzzy logic won't hold over time. It's true or it's not. Probably it's not.

AQUARIUS (Jan. 20-Feb. 18). No more messing around. You don't need inspiration or research or tools. You just need to get in there and put the hard work in. You can have this finished in a few hours if you apply yourself.

PISCES (Feb. 19-March 20). The commercial world is a messy plurality of objects and services that is organized, thankfully, into a monetary system. Today it will help you to remember that this concept of money isn't fixed or absolute. Negotiate.

TODAY'S BIRTHDAY (Nov. 25). If you absolutely had to distill the meaning of life into one word, your word would be "love." You'll live, give and have so much of it this year, you'll be pinching yourself at times to make sure you're not in a dream. The new year will bring different professional opportunities. A contract in March is a turning point. Leo and Gemini adore you. Your lucky numbers are: 4, 22, 38, 17 and 44.
