INTRODUCTION TO THE SCULPTURAL BOOK

ROBERTA LAVADOUR, INSTRUCTOR

Tunnel books use depth, perspective and imagery to tell a story. Students will spend the first session studying composition and learning cutting and mark-making techniques, then spend the second session constructing the book itself. In between you'll have time to refine and embellish each page at home or using open studio time. Roberta's favorite book artist, Andrea Dezso, often works in the tunnel book form. You can check out her work at www.andreadezso.com/tunnel-books
