Notice is hereby given that the State of Oregon has revised its approved State Public Water Supply Supervision Primacy Program. Oregon has adopted regulations analogous to the Environmental Protection Agency's Revised Total Coliform Rule. EPA has determined that these revisions are no less stringent than the corresponding federal regulations. Therefore, EPA intends to approve these State program revisions. Any request for a public hearing shall include the following information: (1) the name, address, and telephone number of the individual, organization, or other entity requesting a hearing; (2) a brief statement of the requesting person's interest in the Regional Administrator's determination and a brief statement of the information that the requesting person intends to submit at such hearing; (3) the signature of the individual making the request, or, if the request is made on behalf of an organization or other entity, the signature of a responsible official of the organization or other entity.
