

# Meet our newest primary care physician

## Daniel Canal, MD Pediatrics

As a Pediatrician, Dr. Canal is highly trained in caring for the holistic well-being of infants-to-teenagers in health and in illness. He is Board Certified in General Pediatrics. He is fluent in Spanish, as well as English, giving him an opportunity to communicate with a diverse community. He is a regular presenter to the American Academy of Pediatrics and a recognized pediatric community health advocate. Dr Canal is eager to put his skills to work providing excellent care for our community.

“Parents can expect me to be an advocate for their child’s future. I will help them understand any potential health issues with their child and remain interested in their child and the family for many years to come. I look forward to being their pediatric support as their child grows to adulthood.”
