HOROSCOPES
 By Holiday
 THURSDAY, JANUARY 19, 2017
ARIES (March 21-April 19). Start with the most crucial thing. If you don't, there may not be time. You'll get to the end of these 1,440 minutes in a day and be disappointed, having missed the whole point.
TAURUS (April 20-May 20). You construct an expectation, and when the expectation proves to be way off, there's nothing left to do but laugh—at least, that's your response. (Being light of heart and heavy of intellect helps make it so!)
GEMINI (May 21-June 21). What was detailed is now popped back on track, thanks in part to your "popping" abilities. Force usually isn't the way. It tends to be more of a wiggle and snap that puts the pieces back in line.
CANCER (June 22-July 22). Given the multitude of ideas you generate, of course there's not enough time to act on all of them. But with your knack for sensing the best one and focusing there, this day will be an enormously productive one.
LEO (July 23-Aug. 22). It's definitely a work in progress, but every day, in hundreds of different ways, you're acting out the person you want to be. It's not perfect. You may be starting to want something different for yourself, and that's OK, too. Acceptance is the path.
VIRGO (Aug. 23-Sept. 22). You have seen the truth without really noticing it. And the truth, not wanting to intrude on you, let you go on, knowing you'd someday come back to it and be liberated by it in some small way. The day has come.
LIBRA (Sept. 23-Oct. 23). The one you are so fascinated with represents a whole new world to you. You'll breathe the air in that world as you interact with this person and get a sense of what a more extensive visit might be like.
SCORPIO (Oct. 24-Nov. 21). No person who carries his worries with him is really on break. The only vacation from worry is to resolve it one way or another. You can rid yourself of a significant one inside of an hour.
SAGITTARIUS (Nov. 22-Dec. 21). The reason you are able to touch the hearts of others is because you are very much in touch with your own heart and know what makes it puff up with joy and swell with empathy.
CAPRICORN (Dec. 22-Jan. 19). You've gotten used to some pretty unusual situations because the oddities evolved so gradually that you couldn't even see them as anything other than ordinary life. Friends will provide an alternate perspective.
AQUARIUS (Jan. 20-Feb. 18). If you want time to go by fast, fall into the routine. If you want it to go by slowly, novelty is the ticket. Bounce between the two for optimum pacing and a humming good mood.
PISCES (Feb. 19-March 20). You know what you want it to look like, and from there you'll extrapolate all that needs to happen. The order it needs to happen in -- now, that's the tricky part. Luckily, your organizational skills will be amplified all day.
TODAY'S BIRTHDAY (Jan. 19). You alight upon social secrets, charismatic habits and ultimately ways of bringing out the cleverness in others; they celebrate you time and again for it. February and October both bring a surprise gift and money, too. Professional advancement will come in April. The travel in August will be out of character in a very fun way. Cancer and Virgo adore you. Your lucky numbers are: 47, 10, 33, 15 and 6.
