HOROSCOPES

By Holiday

SATURDAY, JANUARY 21, 2017

ARIES (March 21-April 19). A project seems to be taking over your life in many ways, including financial ones. Don't emphasize how expensive it is; rather, focus on the joy, education and relationships it brings.

TAURUS (April 20-May 20). If you aren't busy working on your own goals today, you're working on someone else's. Whose? And how did this person get so lucky as to entice you to this line? It's an excellent time to review and rework the plan.

GEMINI (May 21-June 21). Stick to the one aim, the one person, the one ideal you want to hold up. Multitasking pretty much ensures malcontent. Try and do two things; none get done.

CANCER (June 22-July 22). You'll give yourself the good advice like you usually do, but no guarantees that you're going to follow it. And who is the "you" who's giving it anyway? Is this person taking into consideration all (the humor, fun, bonding) you need?

LEO (July 23-Aug. 22). Some call it moral courage, some call it optimism, and you don't call it anything, because this is how you are. You're the one moving forward, seeing the possibilities, giving that big smile and feeling groovy today.

VIRGO (Aug. 23-Sept. 22). When you love something there are two modes you often take. You either make it sacred, and stash it on high in an untouchable place, or you play with it every which way until it's worn-in like only you could do it.

LIBRA (Sept. 23-Oct. 23). Your happiness is not dependent on approval, excitement or reward. You're curious. You find it easy to like people. These qualities are what drive you to the interesting places.

SCORPIO (Oct. 24-Nov. 21). Every time you think of a memory, you corrupt it. It's not just you; these are the wonderful adaptations of the human brain. This is why history is more of an art than a science -- something to keep in mind now.

SAGITTARIUS (Nov. 22-Dec. 21). To change yourself is to change the world. Most people don't think of it, though. It's not the most popular quest. Everyone is trying to make a mark outwardly. The inward changes -- they're onto something.

CAPRICORN (Dec. 22-Jan. 19). Storms on Jupiter make earthy hurricanes look infantile. But that's just how it is around here. Nothing on earth can rage indefinitely. When passion dies down, as is its natural course, acceptance is grace.

AQUARIUS (Jan. 20-Feb. 18). Since you're going to travel the same roads time and again, why not sprinkle some wildflower seeds as you go, so you'll have pretty changes to watch along the way?

PISCES (Feb. 19-March 20). You wish time would change things for you, but it's becoming clear that you're going to have to do it yourself. A little more grit, a little more muscle, some negotiations, a sprinkle of charm -- you're almost there.

TODAY'S BIRTHDAY (Jan. 21). You give the others a sense that you're in it together, and that's some of the reason they really want to be in it with you. The shrewd, timely and lucrative actions you take in the next 10 weeks don't hurt either! What marches into your life in March will open your heart. Then June takes it to a contractual level. Taurus and Gemini adore you. Your lucky numbers are: 40, 3, 22, 28 and 9.
