HOROSCOPES

By Holiday

SATURDAY, JANUARY 28, 2017

ARIES (March 21-April 19). Not where you want to be? Your progress is good enough. It's meaningful; it's on time. Reinforce it time and again until you believe it. Any other belief will rob you of the opportunities of the current moment.

TAURUS (April 20-May 20). Hiding your true feelings will only intensify them. However, when you look back on this day, you may be very happy that you kept some things to yourself. Timing is everything.

GEMINI (May 21-June 21). If the fight inside your head is making you tired, get out of your head. Do something different. Get away. Travel. See something new. Let the world engage you and you'll stop engaging yourself.

CANCER (June 22-July 22). It can't be totally comfortable and new at the same time. (SET ITAL) New (END ITAL) requires leaving the old; that's a risk, and risk is inherently uncomfortable. Agree to be inconvenienced by life.

LEO (July 23-Aug. 22). Don't worry about the whole night, the whole trip, the whole month/year/life. Just worry about the next thing. Make the next right choice; then make it again and again.

VIRGO (Aug. 23-Sept. 22). Today is like throwing a party. There's that moment before people start coming when you're worried that no one will. Then there's the equally anxious moment when everyone is there at once. You'll look back on both with fondness.

LIBRA (Sept. 23-Oct. 23). There's a danger in thinking too large today. Break it all down into smaller chunks of time, effort and emotional investment. The future is made just like the past is made: one moment at a time.

SCORPIO (Oct. 24-Nov. 21). Is socializing a pain? An escape? A mystical art? You won't know until you get out and start talking to people. Helpful and necessary ingredients for the endeavor will include emotional courage, empathy and patience.

SAGITTARIUS (Nov. 22-Dec. 21). One way to drive yourself to absolute frustration is to focus on what they "should" be doing. Obviously, there's a disagreement of terms or intentions there. Instead, focus on you.

CAPRICORN (Dec. 22-Jan. 19). Where you want to be can't be mapped with a longitude and latitude. Your destination is feeling, a state of mind, an attitude. Though you'll never be able to run it on Google Earth, you'll certainly arrive there.

AQUARIUS (Jan. 20-Feb. 18). You chased it, and it got away from you. That was a long time ago. You've really grown since then. Try again. This time you'll be quicker, smarter and luckier.

PISCES (Feb. 19-March 20). Because you're a disciplined person, it's not about picking and choosing the tasks that most appeal to you but about doing what you know needs to be done to get where you want to go.

TODAY'S BIRTHDAY (Jan. 28). Your experience and talent will be acknowledged. In February you'll be chosen for a job. After that you can make the leap you've been considering for years. Training will be necessary in May, and it will be worth the expense. There will be a financial bonus in June and October. Pisces and Gemini adore you. Your lucky numbers are: 9, 14, 37, 10 and 20.
