ARIES (March 21-April 19). There are plenty of available options, but the ones that meet the criteria of being the right thing at the right time in the right way are few and far between.

TAURUS (April 20-May 20). This is a day for acceptance. You'll meet a wide range of personalities and deal with more than a few different behavioral styles.

GEMINI (May 21-June 21). Just when you were starting to relax into the current scene, a diversion erupts. This is an exciting twist! You may not change your course, but you'll sure approach with heightened attention.

CANCER (June 22-July 22). Low confidence could actually be a good thing for you today. Those who think they already have it nailed won't make the extra effort to be remarkable.

LEO (July 23-Aug. 22). Once in a while you look around you and wonder, "How did I get here?" Even you couldn't repeat the steps if you had to.

VIRGO (Aug. 23-Sept. 22). Ben Franklin suggested you get to bed early and wake up early, but what did he know about your life? Your internal clock has its own sort of wisdom and efficiency.

LIBRA (Sept. 23-Oct. 23). You are sometimes too proud and independent for your own good. Let people give to you. Money, gifts, help, attention -- whatever it is, if it feels sincere and unencumbered by strings, you should take it.

SCORPIO (Oct. 24-Nov. 21). Just because something is silly and mindless and fluffy-fun doesn't mean it's stupid. If you're attracted to it, and it makes you smile and maybe ponder or wonder or think -- this is valid enough.

SAGITTARIUS (Nov. 22-Dec. 21). If you try and study yourself, very few insights are likely to emerge. However, in the process of studying someone you admire or a subject of fascination, you'll learn much about yourself.

CAPRICORN (Dec. 22-Jan. 19). Whether the expenditure is emotional or financial, the purchase price will be negotiable. Decide what you can afford and then back down from that to what you really want to pay.

AQUARIUS (Jan. 20-Feb. 18). It takes a strong person to ask for and take in honest criticism, but it will be well worth your while, because there is something just beyond your usual awareness that will be incredibly helpful for you to know.

PISCES (Feb. 19-March 20). To get what you need without wondering why you need it or telling yourself that you shouldn't need it: that is to really trust in the universe and your own intuition.

TODAY'S BIRTHDAY (Feb. 3). Realizing that you can't keep everything the way it is and still get what you want, you'll approach this solar return with scrutiny. What can you trade? What are you unwilling to compromise about? Tough questions will lead to a plan that nets you a superstar transformation by the end of May.
