HOROSCOPES

By Holiday

TUESDAY, FEBRUARY 14, 2017

ARIES (March 21-April 19). The nature of love cannot be defined in one way that suits every person. Due to its intangible and mysterious qualities, it is impossible to love accurately. Strive instead to love fully.

TAURUS (April 20-May 20). Love cannot be taught on a chalkboard or in a video series. Sure, one can pick up a few tips here and there, but the only true teacher is experience, as filtered through the heart.

GEMINI (May 21-June 21). It's not (SET ITAL) that (END ITAL) you love but (SET ITAL) how (END ITAL) you love that matters today. Your living example will kindle warmth and joy as well as inspire others to show love in action.

CANCER (June 22-July 22). It's easy to pour water from a pitcher to a jar. Filling a jar from an open fire hydrant is hard. Quantity and force come with containment challenges, just as your more passionate feelings do.

LEO (July 23-Aug. 22). Your sincere curiosity and pure desire to focus on others has you utterly unselfconscious, thereby confident -- and, it follows, completely irresistible (though oblivious to the fact).

VIRGO (Aug. 23-Sept. 22). When you love someone, you want that person to have every good opportunity you've ever had and more. That's why you'll show affection by opening doors for another, literally and figuratively.

LIBRA (Sept. 23-Oct. 23). You may not be entirely sure what you're getting into, but there's no question that you're surely getting into it. As author and illustrator Lynda Barry observed, "Love is an exploding cigar we willingly smoke."

SCORPIO (Oct. 24-Nov. 21). The heart's logic is multidimensional math, impossible to understand from but one plane of existence. It can't be checked with a calculator, but don't worry; if you feel that it adds up, it does.

SAGITTARIUS (Nov. 22-Dec. 21). Laughter is a form of love you revel in now. It signals agreement. It signals an understanding of another person's intelligence that goes deeper than usual. Your favorite people are the ones you laugh with.

CAPRICORN (Dec. 22-Jan. 19). Taking love slowly isn't just for the very young and the very old. It's also for those who care to soak in every detail, savor moments and weave a magical experience.

AQUARIUS (Jan. 20-Feb. 18). There's much you could do independently (with great ease) that you will instead choose to do with another (with great challenge) because it's an interesting and fun bonding experience.

PISCES (Feb. 19-March 20). For you, love is not about perfect agreement, or even occasional agreement. The best relationships won't duplicate your qualities, opinions and skills so much as complement them.

TODAY'S BIRTHDAY (Feb. 14). It takes a truly sophisticated intellect to hold opposing views in mind simultaneously: That's you. You've also a profound wisdom that prevents you from wasting time with meaninglessness. Fresh inspiration and love comes your way in March. Hard work and study will start to pay off in May, and the trend will continue. Pisces and Scorpio adore you. Your lucky numbers are: 10, 2, 24, 38 and 16.

Employment 335

Employment 335

River Point Farms, America's largest grower, packer, shipper and processor of onions, has an immediate opening for a Central Functions Manager. River Point Farms is located in Hermiston, Oregon. This position comes with a competitive salary and full benefits package.

Description
Manage and coordinate logistics, warehouse, facilities, transportation and customer activities. Lead and direct strategic planning for logistics and customer needs. Coordinates with Fleet and Shipping Supervisors, Fresh Pack and Processing Plant managers, Inventory Manager, and Farm Directors.

Principal Responsibilities
Logistics/Intracompany Transfer
*Responsible for departmental strategies for appropriate inventory levels.
*Develop methods and procedures for scheduling of raw materials from fields or storages to pack or processing facilities.
*Procure and Communicate with Trucking Companies for all freight needs.
*Manage usage and inventory of, repair parts, PPE, packaging and employee supplies to forecast demand and avoid overstocking and shortages.
*Work closely with all facilities regarding order flow process by forecasting delays product issues, or situations that could impact operations.
*Oversee and ensure all logistics-related operations comply with applicable health, safety and other regulatory rules and regulation (DOT).
*Drive and facilitate activities that improve coordination and communication within the logistics department and other departments throughout the company.
*Participate in personnel development at all levels through performance reviews and providing opportunity for high performers.

Facilities
*Responsible for upkeep and maintenance of storage buildings, shops, and all RPF grounds including Fresh pack plant and Processing Plant grounds.
*Track repairs and ensure competitive rates on ventilation and refrigeration facilities.
*Work with outside ventilation vendors to ensure timeliness of repairs.
*Develop long term maintenance repair schedule for capital improvements to facilities.
*Perform raw inventory estimates on a monthly basis or as needed.
*Manage ORST crews and ensure efficiencies.
*Oversee all bin activities and repairs.

Budgeting
*Responsible for the development and management of the annual operating and capital budgets.
*Ensure that each department is operating and performing to budget and implementing necessary changes to meet operating and budget goals.

Education & Experience
*Bachelor's degree in transportation and logistics, supply chain, ag-business or related field of study.
*Minimum of five to seven years of working experience in transportation or logistics.
