ARIES (March 21-April 19). You will love the work you're doing and may actually choose to work perpetually as a result. Your loved ones who are similarly happy at work wi understand. The others, not so much!

TAURUS (April 20-May 20). If you were to summon all your powers of creativity (and they are mighty strong today, to be sure) to redesign yourself, who would the new you be? Don't let the ones who knew you before hold you back. They'll adjust.

GEMINI (May 21-June 21). Progress and struggle go together. Some would argue that they must -- that there is no progress without struggle. Then again an inspiring influence can make the struggle seem mild, even satisfying!

CANCER (June 22-July 22). The love experts have spoken: Don't fall in love with someone who flirts with everyone If you disregard this advice (or have received it too late), then at least take comfort in the fact that whateve

nappens next, it's nothing personal. LEO (July 23-Aug. 22). Your life will be better through the magic of delegation. But this only works if you do it the right way: Joyfully hand over the task; let go; walk away; don't look back

VIRGO (Aug. 23-Sept. 22). When fantasy relationships become reality, illusions soon dissolve. The bubble of specialness around the situation may pop. And if you still like each other after that, this relationship has real

LIBRA (Sept. 23-Oct. 23), When you can be your less-than-ideal self with someone, it means you are closer with that person than you are with the people you feel the need to constantly impress. The question today is: How

close do you really want to be? SCORPIO (Oct. 24-Nov. 21). Containing passionate feelings is, as a rule, hard for humans. You're the

exception to this rule. You can stay cool even when there's a volcano going off in your emotional body. It's nazing trick you'll practice today.

SAGITTARIUS (Nov. 22-Dec. 21). You wonder if you may have under-loved someone who deserved a bette quality of attention from you. You may not get the chance to rectify this with same person, but you'll pay it

CAPRICORN (Dec. 22-Jan. 1 Maybe there really is a time everything, and yet you can count on the fact that it's seldom a (SET ITAL) convenient (END ITAL) time or one that's under your control -- anothe argument for doing instead of waiting.

AQUARIUS (Jan. 20-Feb. 18). Being the different one in the group isn't bad but it does mean you'll have to acquire more credibility and skills than the others. It won't be hard. The hardest part is accepting the injustice. Once you do, the rest is cake.

PISCES (Feb. 19-March 20), Since

most of the relationships in your life are involuntary (family, neighbors, coworkers, etc.), it makes sense for you to be very choosy about the ones that are voluntary (friends and more). Exercise your right to be picky.

TODAY'S BIRTHDAY (March 7). You'll discover the level of risk that suits you best. Your financial horizons open up best. Your linancial norizons open up in the next 10 weeks. Don't settle for what's offered to you, though, as you're luckiest while being proactive. A sweet connection in May will alter your destiny.
