**PUBLIC NOTICES**

**About Public Notices**

**Public notices** inform citizens about the activities of government bodies — such as budgets and public hearings, upcoming meetings and elections — so that citizens can make their opinions known before an action is taken or a rule or law is made. They also include information about foreclosures, unclaimed and forfeited property, estate claims and probate notices, summons, and calls for bids.

**The four characteristics** of public notices:

- They must be published by an independent and neutral third party,
- They must be archived,
- They must be accessible to the public,
- The public must be able to verify that the notice was not altered once published.

**Newspapers** provide an independent and archived record of public notices, accessible in print and online, and provide affidavits of publication when requested.

**Public notices** in newspapers protect the right of due process as guaranteed to Americans by the Constitution.

**EO-8776 PUBLIC NOTICE**

I have decided to amend the 1990 Umatilla Forest Plan to add aminopyralid to the list of herbicides approved to treat invasive plants on the Umatilla NF (standard 16). This action is categorically excluded from documentation in an environmental impact statement (EIS) or an environmental assessment (EA). The applicable category of actions is identified in agency regulations 36 CFR 220.6(e)(16) as "Land management plans, plan amendments, and plan revisions developed in accordance with 36 CFR 219 et seq. that provide broad guidance and information for project and activity decision-making in a NFS unit." This decision is subject to the pre-decisional objection process pursuant to 36 CFR 219. The draft decision memo is available on-line at: <http://www.fs.usda.gov/project/?project=49279>

This document is also available for review at the Umatilla National Forest Headquarters office, located at 72510 Coyote. Please contact Paula Brooks, Forest Botanist, 541-278-3931 for additional information.

**How to Object and Timeframe**

The opportunity to object ends 45 days following the date of publication of the legal notice in the East Oregonian. The publication date of the legal notice in the newspaper of record is the exclusive means for calculating the time to file an objection, and that those wishing to object should not rely upon dates or timeframe information provided by another other source.

Objections will be accepted only from those who have previously submitted specific written comments regarding the proposed project during scoping or other designated opportunity for public comment as specified in 36 CFR §219.53. Issues raised in objections must be based on previously submitted timely, specific written comments regarding the proposed project unless based on new information arising after designated comment opportunities (§219.54). Those persons or organizations wishing to participate as an "interested person" must file a request to participate in the objection resolution process within 10 days of the publication of the notice of objection as specified in §219.57. The objection must contain the minimum content requirements specified in §219.54 and incorporation of documents by reference is permitted only as provided in §219.54. It is the objector's responsibility to ensure timely filing of a written objection with the reviewing officer. All objections are available for public inspection during and after the objection process and will be posted online; notice of objections received will also be published in the newspaper of record as specified in §219.56.

Written objections, including attachments, must be filed with the Objection Reviewing Officer. The office business hours for those submitting hand-delivered objections are: 8:00 am to 4:30 pm Monday through Friday, excluding holidays, and may be delivered to the reviewing officer at 1220 SW Third Avenue, Portland, OR 97204 (13th floor). Electronic objections must be submitted in a format such as an email message, plain text (.txt), rich text format (.rtf), portable document format (.pdf) or Word (.doc, .docx) to [objections-pnw-regional-office@fs.fed.us](mailto:objections-pnw-regional-office@fs.fed.us). Mailed objections can be sent to Objection Reviewing Officer, 1570/1950 Objections - RPM 16th Floor, PO Box 3623, Portland, OR 97208. Objections may also be faxed to 503-808-2339.

Please state FOREST PLAN AMENDMENT TO ADD AMINOPYRALID project name in the subject line when providing electronic or faxed objections, or on the envelope when submitting by mail.
