EO-8812 PUBLIC Notice Announcing the Availability of an Environmental Assessment

US DEPARTMENT OF AGRICULTURE Rural Utility Service (RUS)

The city of Pilot Rock: Notice of Availability of an Environmental Assessment
AGENCY: Rural Utility Service, USDA
ACTION: Notice of Availability of an Environmental Assessment
SUMMARY: Notice is hereby given that the Rural Utility Service, as required by the National Environmental Policy Act, is issuing an environmental assessment (EA) in connection with possible impacts related to a project proposed by the city of Pilot Rock (City), of Pilot Rock, Oregon. The proposal is for construction of a new wastewater treatment facility lagoon system. The city has submitted an application to Rural Utility Service for funding of the proposal.

FOR FURTHER INFORMATION CONTACT: Michael Beyer, State Environmental Coordinator at (503) 414-3368, 1220 SW 3rd Avenue, Suite 1801, Portland, Oregon 97204 michael.beyer@or.usda.gov.

SUPPLEMENTARY INFORMATION: The city of Pilot Rock's proposed project is to abandon the existing wastewater treatment facility lagoon system adjacent to Birch Creek. Due to the high likelihood the existing lagoons are hydraulically connected to Birch Creek, the city is anticipating abandoning the existing wastewater facility treatment lagoon and constructing a new evaporative wastewater facility on city-owned property west of the existing lagoons.

Anderson Pery & Associates, an environmental consultant, prepared an environmental assessment for RUS that describes the project, assesses the proposed project's environmental impacts, and summarizes as applicable any mitigation measures used to minimize environmental effects. RUS has conducted an independent evaluation of the environmental assessment and believes that it accurately assesses the impacts of the proposed project. No significant impacts are expected as a result of the construction of the project.

Questions and comments should be sent to RUS at the address provided. RUS will accept questions and comments on the environmental assessment for 14 days from the date of publication of this notice.
