**HOROSCOPES**

By Holiday

SATURDAY, MARCH 25, 2017

**ARIES** (March 21-April 19). Before you let your guard down with anyone, he or she must pass the battery of social, emotional and intellectual tests of your subconscious design. This is how you keep your life orderly.

**TAURUS** (April 20-May 20). A mischievous mood prevails, though you must be somewhat careful about how you act on it. There's much you'll get away with, and it's all in the name of fun.

**GEMINI** (May 21-June 21). You'll see what others miss. So go on and state the obvious, because it's only obvious to you. Eventually, this may earn you a position of leadership. But right now it's earning you some serious respect.

**CANCER** (June 22-July 22). Learning not to worry about things that are outside of your control is a skill that will contribute in a huge way to your personal happiness and satisfaction.

**LEO** (July 23-Aug. 22). Actors strive to learn everything they can about the characters they play, as one must understand something to become it. The change you want to make will begin with study and understanding as well.

**VIRGO** (Aug. 23-Sept. 22). Do two things at once and you'll accomplish neither. Multitasking will be at best a waste of time, at worst a dangerous opening for stupid mistakes. Give your focus exclusively.

**LIBRA** (Sept. 23-Oct. 23). The darkness of night often turns on the light of the movie projector in your mind. Your imagination will be especially strong tonight; envision a beautiful future.

**SCORPIO** (Oct. 24-Nov. 21). Life is the true wealth. Vitality is the most desired quality. Make a concerted effort to avoid sacrificing sleep, nutrition and other things that create optimum health.

**SAGITTARIUS** (Nov. 22-Dec. 21). Time will sail for you today, mostly because you'll get so into what you're doing. You'll make something special and figure out how to put the thoughts of what you love into this project.

**CAPRICORN** (Dec. 22-Jan. 19). Your day will improve as your powers of focus do. To direct your own mind very well is the one skill you can master that will enhance all of the others.

**AQUARIUS** (Jan. 20-Feb. 18). When it's about communicating so others will relate to you and get your message, go with the current style. But in matters of principle, be unwavering. Principles never follow trends.

**PISCES** (Feb. 19-March 20). Socrates suggested that life contains two tragedies. One is not to get your heart's desire; the other is to get it. You'll escape tragedy altogether with today's interesting compromise.

**TODAY'S BIRTHDAY** (March 25). You'll make the future better as you endeavor to understand history, especially your personal history and that of your family. Next month brings sweetness and laughter with someone younger. There's a gold mine for you to discover in June. August is your shot at a high honor. Physical strength increases with late 2017 efforts. Leo and Sagittarius adore you. Your lucky numbers are: 9, 1, 44, 15 and 30.
