HOROSCOPES

ARIES (March 21-April 19). What if you just do what's easy for you? The thing you're struggling against will drift away. You'll find out that some of the drama in your life was totally unnecessary. There's a lot that just isn't your battle to fight.

TAURUS (April 20-May 20). You'll find a partner, and then you'll find another. Which is best? Why do you need just one? Both will do. Two partners will be best in this instance.

GEMINI (May 21-June 21). Solving the problem will be better than escaping it. A fellow air sign will be your best ally in this endeavor. Air signs are Gemini, Libra and Aquarius.

CANCER (June 22-July 22). There is a mysterious world inside of you. The one who recognizes that you are no ordinary person, that there is a special and complicated puzzle in you that can never be solved -- this person will capture your heart.

LEO (July 23-Aug. 22). Is it a waste of time to be organized? No one will pay you or award you for it. Yet being organized is a huge benefit. It helps you think better and be better. You won't regret today's organizational efforts.

VIRGO: You know how people are. Give 'em the same stuff and they will find radically different ways of interpreting it. It's essential that you find your own interpretation. No one else's will fit.

LIBRA (Sept. 23-Oct. 23). The words "I love you" can mean all kinds of things, most commonly today. "Let's get off the phone." Your sensitivity to the meaning behind the words will steer you well.

SCORPIO (Oct. 24-Nov. 21). The world is your playground. Playgrounds are not inherently exciting, though. They need people on them to be of interest. Of course, if nothing is fun, it's not the thing; it's you.

SAGITTARIUS (Nov. 22-Dec. 21). Everyone knows that diversity makes the group stronger. If you are different from the rest, they need you. And don't try to attract people who think like you. You'll be better for the challenge.

CAPRICORN (Dec. 22-Jan. 19). You've done a lot of believing in the strengths and competence of others. It's about time you thought about your own might. Your competencies are real. Believe.

AQUARIUS (Jan. 20-Feb. 18). People have a tendency to adjust their values to fit their behavior. Maybe both are out of whack. You'll look at your situation with more compassion and try to find a frame that fits.

PISCES (Feb. 19-March 20). Give two people the exact same information and each will react radically differently. This is why you stock your life with a bunch of different friends from varied backgrounds. You want a global view of things.

TODAY'S BIRTHDAY (April 6). You'll gravitate toward creative people this year, and you'll find a group of friends that really supports you there. Attractive people will decorate your life in the next 10 weeks. The change next month will take some adjusting to, but you'll get there and be happier for the process. Solve a problem at work; make a ton of money in July. Taurus and Virgo adore you. Your lucky numbers are: 5, 30, 22, 21 and 13.
