Morrow County man in jail for rape

IRRIGON — Morrow County sheriff's deputies early Saturday arrested an Irigon man for rape and more.

Undersheriff John Bowles in a written statement reported the sheriff's office Saturday at 4:52 a.m. responded to a disturbance at a home off Depot Lane, Irigon. During the course of the investigation, a woman told deputies she had been raped.

Deputies arrested Jason Kane Kissler, 35, and booked him into the Umatilla County Jail, Pendleton, for first-degree rape, first-degree sodomy and first-degree unlawful sexual penetration. All are class A felonies in Oregon.

Bowles said Monday morning the investigation remains active.

Circuit court records show no prior criminal cases involving Kissler. During his arraignment Monday afternoon, Circuit Judge Dan Hill set Kissler's bail at \$200,000. His next hearing is Thursday morning.

He remains in the jail.

Two men shot at Stanfield party early Saturday

STANFIELD — Police with the local major crimes team are investigating a shooting early Saturday in Stanfield that left two men wounded.

Stanfield police at 2:47 a.m. Saturday received a 9-1-1 call about shots fired at a party on the 900 block of South Main Street, Stanfield. Police Chief Bryon Zumwalt in a written statement reported officers arrived and found two adults at the party were shot following a dispute.

Their injuries were not life-threatening, according to the statement, and both received medical treatment at Good Shepherd Medical Center, Hermiston, which later released the pair.

"Based on the investigation to date," Zumwalt reported, "this appears to be an isolated incident with no danger to the general public."

Major crimes team members from Oregon State Police and local departments, including Hermiston and Umatilla, are helping with the investigation, along with the office of the Umatilla County district attorney.

Police arrest Sunridge student over violence threat

PENDLETON — A Sunridge Middle School student was arrested Sunday after making a threat about potential school violence over social media, according to a Pendleton School District press release.

The student in custody originally sent the message over social media to another student Sunday night, prompting a Pendleton Police Department investigation and the arrest.

Police determined that it was safe for students to attend school on Monday and a police officer will be stationed on campus for the entire day.

The student remains in custody and will not be allowed to return to school until the investigation concludes.

Lasers target aircraft near Pendleton

PENDLETON — Lasers lit up two aircraft almost 24 hours apart near Pendleton. The first report came Friday at 10:49 p.m., according to the Umatilla County Sheriff's Office media bulletin. The pilot said a blue laser about 20 miles east of the Eastern Oregon Regional Airport, Pendleton, illuminated the craft.

The second incident occurred Saturday at 10:38 p.m. The pilot estimated the blue laser came from a point about 16 miles southeast of the airport.

Pilots on Dec. 19 and on Feb. 23 also reported someone targeted their planes with a laser.

While the beam from a laser pointer is a fraction of an inch wide when it leaves the device, it can reach several inches in diameter miles away and cause serious glare in the cockpit of a plane or

helicopter, as well as injury to the eyes of people in the craft.

Aiming a laser pointer beam at an aircraft or their flight path is against federal law and carries maximum penalties of five years in prison and a \$250,000 fine. Oregon law also prohibits aiming a laser at someone without their permission. "Unlawful directing of light from a laser pointer" is a class A misdemeanor in the state.

Officials unveil plan to up Prineville's power capacity

PRINEVILLE (AP) — Officials are working to provide Prineville with enough electricity to ensure the central Oregon community can keep powering huge data centers operated by Facebook and Apple and make room for other companies to move in.

Facebook and Apple's arrival produced a surge in electricity demand in Prineville throughout the past several years that has overwhelmed the Bonneville Power Administration's transmission capacity, *The Oregonian*/OregonLive reported.

But BPA is
