The current growth trend predicts the district's population will increase 24% which equates to 1,100 additional students in seven years. Without new construction and renovation, the district could need 56 more modular classrooms. 1/5 of the student population will be served in temporary classrooms by 2023.

A YES VOTE is less than \$0.90 per thousand assessed value. \$175,000 home = \$157.50 a year. Less than \$14.00 a month.

### **PROPOSED PROJECTS:**

- Replace Rocky Heights Elementary School
- · New elementary school on district-owned Theater lane property
- Expand Hermiston High School safety/access improvements
- · Sandstone Middle School maintenance and repair
- Replace Highland Hills Elementary School

Nine years ago, the Hermiston School Board asked for \$1.40 per thousand. This is significantly less, because of business and population growth.
