**NOTE:** Jessie stands 15.2 hands and has a lot of personality. Been roped off of, sorted cattle, anything you want to do on horseback. Easy to catch, trailers well, ties great, my farrier just loves him – so easy to shoe. I bought him last year after watching a 7-year-old girl ride him around in an arena and then outside for about two hours. Not a mean bone in him. I rode him a total of 5 times. Then two surgeries last fall and winter and my riding days are over. **Stall 9**
