HOROSCOPES

By Holiday

TUESDAY, APRIL 25, 2017

ARIES (March 21-April 19). A lot of the work that relationships require will have to do with being tolerant and understanding that the other person's brain works differently from yours.

TAURUS (April 20-May 20). Earning won't be a problem for you, but your spending style could be. Expensive tastes are the reason. Delay your gratification until you can truly afford it and you'll suddenly feel rich.

GEMINI (May 21-June 21). There are fundamental differences between you and a partner, but none of it needs to hinder the relationship's progress -- quite the opposite, in fact. You're your teamwork will be made stronger for your varied strengths.

CANCER (June 22-July 22). Does a seashell know sacred geometry; a flower, perfect symmetry? Beauty will fall perfectly into place because nature is elegant that way.

LEO (July 23-Aug. 22). Success will come as you observe your world and use what you find. Don't worry; you can be original and still utilize what's common.

VIRGO (Aug. 23-Sept. 22). Long stretches of peace and quiet are a rarity now, but if you can make this happen even for an hour you'll be healthier and more productive for the effort.

LIBRA (Sept. 23-Oct. 23). Your winning mindset is unstoppable, though some will try to stop you. The games you choose are hard enough on their own without teammates dragging you down.

SCORPIO (Oct. 24-Nov. 21). The mental chatter will distract you from your goals if you let it. First of all, a lot of it is static you don't need and shouldn't put much stock in.

SAGITTARIUS (Nov. 22-Dec. 21). When things seem to get a little too ordinary, you feel genuinely out of place. True, you were meant for the extraordinary, and in today's case it's up to you to create the transformation.

CAPRICORN (Dec. 22-Jan. 19). You are nature. When you interact in the untamed realms, you get back to your animal self. Interacting in nature will restore, energize and change you for the better.

AQUARIUS (Jan. 20-Feb. 18). You're lucky to know what will make you happy and pursue it: Many do not have this kind of happiness compass. Just be aware that the magnetism of "happiness" will move for you like the magnetic poles do.

PISCES (Feb. 19-March 20). Don't be too worried about the disapproval of others. A little conflict will spice up the scene. On a related note, adrenaline is good for romance, maybe even essential.

TODAY'S BIRTHDAY (April 25). The criterion you use to choose your work will greatly impact your happiness, since work will get the best of your energy over the next 10 weeks.
