

Employment 335

APPLICATION DEADLINE: Open Until Filled

For over 125 years, Portland General Electric has proudly served Oregon. Our dedication to helping customers is matched by our commitment to providing PGE employees with a diverse array of rewarding career opportunities. Diversity and community are at the heart of what we do for our customers and for each other. We are committed to a team that looks like the Oregon community that we know and love.

PGE team members are creative problem solvers who love to apply themselves to challenges, big and small. We are looking for team members who will grow their skills, their career and their future with us.

IT Business Analyst III (Boardman, OR) (R17-103)

The IT business analyst serves as a liaison between business and IT stakeholders. They understand the operations, goals and challenges of their client's organization and recommend solutions. They do this by utilizing techniques to elicit, document, manage and analyze requirements and processes. By pairing this with their IT, industry and organizational knowledge they are able to provide recommendations to satisfy business needs.

The IT business analyst may be called upon to provide user support, training, and problem resolution as needed. They work within teams of IT professionals to design, develop, maintain, and support IT applications critical to the success of PGE. The IT business analyst develops solid relationships with their peers and clients.

You will support our journey by:

- This position will reside at Boardman, Carty, or Coyote power plants with infrequent travel to Biglow and Tucannon wind farms.
- Develop trusting relationships between clients and IT through effective communication and interpersonal skills
- Work diligently to partner with and thoroughly understand the business unit(s) you are supporting
- Knowledge of and ability to utilize a variety of elicitation, documentation and analysis techniques
- Partner with IT peers such as PMO, Application Development and Infrastructure
- Facilitation of meetings, discussions, train other users on software
- Recommend solutions to best meet the needs of your clients
- Work with users to identify software problems and coordinate actions required to ensure timely resolution
- Become an expert on various software utilized by the generation group
- Create and maintain an inventory of applications, servers, etc.
- Troubleshoot network, software, server issues
- Ability to identify, document and plan to mitigate risk
- Ability to manage solution scope & requirements, requirements traceability, maintain requirements for re-use and prepare requirements packages
- Successfully generate and openly consider new ideas
- Ability to assess situations and determine appropriate action or solution

You will bring the following skills to our team:

- Typically a Bachelor's Degree in Business, Computer Science, Engineering Management or equivalent work experience in related discipline.
- Strong verbal and written communications skills.
- Demonstrated formal presentation skills are a plus.
- Ability to work effectively in a fast moving IT team environment.
- Working knowledge of IBMs Maximo, and Oracles PeopleSoft a plus
- Working knowledge of the software lifecycle
- Preferred 5+ years experience supporting business applications or as a power user of business applications.
- PGE is a regional provider of electric power. Business Analysts may be required to travel within the PGE service area and to its generation facilities. Occasional overnight stays may be required. Expected travel would be no more the 10% of work time.
- Valid Drivers License is required

Join us today and power your potential!

PGE is committed to diversity and inclusion in the workplace and is an equal opportunity employer. PGE will not discriminate against any employee or applicant for employment based on race, color, national origin, gender, gender identity, sexual orientation, age, religion, disability, protected veteran status, or other characteristics protected by law.

To be considered for this position, please complete the following employment application by the deadline:
https://PGN.igreentree.com/CSS_External/CSSPage_Referred.ASP?Req=R17-103

If you have any questions, please feel free to call us at 503-464-7250.

PGE believes in rewarding strong performance. We provide a total compensation package that is designed to reward your contributions to the company, and, at the same time, support your well-being and professional development, both now and into the future.

Assisting with storms or other Company emergencies is a part of all positions at Portland General Electric.
