**HOROSCOPES**

By Holiday

SATURDAY, MAY 13, 2017

**ARIES** (March 21-April 19). For now, you don't have to worry about coming up with brilliantly creative or innovative solutions. In fact, you don't have to worry about doing so much as (SET ITAL) not doing. (END ITAL) You'll be defined by what you say no to.

**TAURUS** (April 20-May 20). Find what you lost track of. It could be a person, an item or a dream you let go of. You can get it back. Setting an intention to do so (and making it known) will be the first step.

**GEMINI** (May 21-June 21). Bottom line, things don't have to be pleasant to have a positive impact. If it helps you grow in your capacity to understand complexity, keeps you up-to-date with trends, or expands your worldview, it's good for you.

**CANCER** (June 22-July 22). You'll look ahead and begin work on problems before you need to do so becomes urgent. Your next breakthrough idea will be inspired by something that is outside what you'd normally be exposed to.

**LEO** (July 23-Aug. 22). The issue only exists when your mind's eye zooms into the close view. Zoom out to the panorama and you'll see that that help is on the way, opportunities are nearing, and success is on the horizon!

**VIRGO** (Aug. 23-Sept. 22). Don't try; (SET ITAL) do! (END ITAL) Trying is for regrettable obligations. If you can't get totally behind it, drop it. Your resistance to free yourself is based in fear. What you should really be afraid of is wasting everyone's time. Be bold.

**LIBRA** (Sept. 23-Oct. 23). The demonstrative elation upon arriving at a goal almost always happens in movies. In real life the dramatic payoff will be replaced by quiet but profound satisfaction.

**SCORPIO** (Oct. 24-Nov. 21). Diversify. New environments and people will be lucky for you. The wider your array of influences, the deeper your work will be. As a byproduct you may find that your work appeals to a greater number of people.

**SAGITTARIUS** (Nov. 22-Dec. 21). Acting out the motions of a self-directed, confident person will produce similar results to actually being a self-directed, confident person. Put on the brave smile and move forward.

**CAPRICORN** (Dec. 22-Jan. 19). You'll be drawn to what can be measured, assured by the tangibly quantifiable, excited by the solidity of facts. With this approach, you'll help someone make sense of the world.

**AQUARIUS** (Jan. 20-Feb. 18). It's nice to feel comfortable, but it's not necessary or even particularly common, especially among people of merit. You and the others of strong character consider comfort to be a luxury if not a warning signal.

**PISCES** (Feb. 19-March 20). Recognize what drains your self-control, and patch up the area to prevent future leaks. Unhappy relationships are a main drain, since you tend to take on the emotions of the people you are around.

**TODAY'S BIRTHDAY** (May 13). Your optimism has excellent grounding, and you'll get hard proof of this over the next seven weeks. Friendships, even those not related to your work, will cause you to be hugely productive and richer, too. There's an unspoken contract that begins this month and completes one full circle by October. Sagittarius and Scorpio adore you. Your lucky numbers are: 6, 10, 4, 44 and 14.
