EO-8930 HISTORIC BRIDGE AVAILABLE FOR RELOCATION & REPURPOSING
 Umatilla River Bridge (#59C111)
 Pendleton, Umatilla County, Oregon

All interested persons are hereby given notice that the Oregon Department of Transportation and the City of Pendleton are interested in donating the historic Umatilla River Bridge (#59C111) in Pendleton to any private or public party willing and able to relocate and maintain the structure at another site. The bridge is now obsolete. A modern, two-lane bridge will replace it. The City is offering the Umatilla River Bridge on an "as-is" basis and does not state or imply any warranty as to its structural soundness. The existing Umatilla River Bridge over the Umatilla River is a one-lane steel truss bridge constructed in 1909 by the Columbia Bridge Company of Walla Walla (later of Portland) as indicated by a simple plaque at the south end of the truss. It is a 235-foot-long two-span structure consisting of 120-and 115-foot-long pin-connected Warren through-truss spans. The bridge was modified in 1955 to increase its load capacity by West Coast Steel Works of Portland; another plaque marks this rehabilitation work. It is listed in the National Register of Historic Places. Those interested in assuming ownership of the Umatilla River Bridge and moving it to another site must submit written statements of interest to: Chris Bell, Oregon DOT, 4040 Fairview Industrial Drive MS #6, Salem, OR 97302. ODOT must receive statements of interest no later than 45 calendar days from the first date of publication of this legal notice. For more information, including as-built plans please contact Chris at 503.986.3853 or christopher.s.bell@odot.state.or.us. Statements of interest must include the following 1) proposed use for the bridge; 2) location map, site plan, and photograph(s) of the proposed location; and 3) specific plans for hauling, and re-erecting the bridge. (Note: The construction contractor will be dismantling the bridge.) Project funding will cover up to \$55,000 of the costs to remove, relocate, and re-erect the bridge. The bridge's recipient must cover all additional expenses over the available funds. These may include construction of new abutments or relocation costs. The statement of interest must include an evaluation of these expenses and availability of funds to cover these costs. ODOT will send desirable and feasible proposals to the Federal Highway Administration and the Oregon State Historic Preservation Office for review and approval. ODOT will only consider proposed uses that conform to the US Secretary of the Interior's "Standards for Rehabilitation of Historic Properties." ODOT will give preference to respondents who can relocate the Umatilla River Bridge within the construction contract's time frame, anticipated in the summer of 2018, and whose proposals demonstrate a commitment to maintaining the bridge and the features that give the historic bridge its historic significance at a publicly accessible site. The recipient must also agree to assume all future legal and financial liability for the bridge's operation and use of the historic bridge at its new location. ## OREGON DEPARTMENT OF TRANSPORTATION ## May 23, 24, 25, 26, 27, 2017
