HOROSCOPES

By Holiday

FRIDAY, MAY 26, 2017

ARIES (March 21-April 19). What affects you directly will affect others indirectly. We're all tied together, whether or not we want to be. Our wants do not change the way things are.

TAURUS (April 20-May 20). If you can't seem to muster up a positive attitude or visualize the ideal outcome, don't worry, because today you'll be much better off just being yourself and approaching things in your usual down-to-earth way.

GEMINI (May 21-June 21). For reasons lost in the mist of time, you still manage the logistical details of your work with some degree of redundancy. You're either not using or not trusting new technology. Remedy this today.

CANCER (June 22-July 22). You want to make gains but are afraid to risk and possibly lose the gains you've already made. To minimize loss and avoid danger is a legitimate aim. Don't let daring people persuade you otherwise.

LEO (July 23-Aug. 22). There's no need to fight over who is right. You're both right; you just have different styles. As long as you stay focused on the same aim and are respectful in the way you disagree with one another, this team can win.

VIRGO (Aug. 23-Sept. 22). You will definitely need some confidence to get through the next challenge, but not a swaggering "I am the greatest" kind of confidence. Rather, you'll simply need the "I believe I can" type.

LIBRA (Sept. 23-Oct. 23). You've such an engaging personality that, in certain areas, you've gotten by on charm instead of skills. Today you'll be given (or create for yourself) the opportunity to circle back and pick up those skills you missed.

SCORPIO (Oct. 24-Nov. 21). It will be pretty easy to get going on today's mission. You have something to prove and a strong reason for demonstrating that to others and finally receiving the validation you deserve.

SAGITTARIUS (Nov. 22-Dec. 21). The Easterners say that separateness is an illusion, while the Westerners say we should each make the most of ourselves. What's the balance? Amazingly, you'll strike it today.

CAPRICORN (Dec. 22-Jan. 19). Be ready with plan B. The stronger your fallback plan is, the likelier it is that your first choice will succeed. The law of detachment applies here, but don't think too deeply into it. Just know that it's good to be prepared.

AQUARIUS (Jan. 20-Feb. 18). What you care about is getting better. Because you're so focused on improving, you will. Just keep in mind that progress isn't always readily apparent, but as long as you're learning, you're also growing.

PISCES (Feb. 19-March 20). In order to stay motivated today, you need to know you're progressing quickly toward your aim. Break the goal down to smaller sub-goals you can reward and celebrate along the way.

TODAY'S BIRTHDAY (May 26). You're in the driver's seat this year, but not all of time -- which is good, because sometimes it's more fun when you don't know exactly where things are going. June brings commitment and stability, while August is more about the freedom to pursue what you imagine. A unique partnership sets projects sailing in October. Aries and Aquarius adore you. Your lucky numbers are: 49, 3, 33, 28 and 16.

STATEMENT OF CHANGES IN ACTIVITIES and SOURCES OF FINANCING			
The budget for the 2017-18 school year is based on \$7.8 billion K-12 state funding for the biennium. The budget reflects 19.5 fewer positions than the 2016-17 school year due to a combination of declining student enrollment, a 4.67% increase in PERS and insufficient state funding. The 2017-18 capital improvement budget includes the final projects related to the November 2013 General Obligation Bond. These improvements include the demolition and abatement of the building on the east block across from the Pendleton Early Learning Center, replacement of the Pendleton High School track with the additional of lights and a scoreboard (courtesy of the Buck Booster Club of Pendleton) and minor renovations to the high school auditorium
