## HOROSCOPES

By Holiday  
 TUESDAY, JUNE 6, 2017

**ARIES** (March 21-April 19). You've got a reason for resisting an idea. You're probably avoiding potential pain; this is legit. But the pain will be temporary and mild. Consider accepting the fact instead. The more you accept, the more you can change.

**TAURUS** (April 20-May 20). It may seem strange, but some people react to stress by portraying the picture of total confidence. Be aware that the one who most seems to have it together may be hurting and in need behind closed doors.

**GEMINI** (May 21-June 21). Once upon a time you gave much away, and you did so unflinchingly. Now you wonder why you devalued what you had to offer. Don't worry; you'll get another chance, and you'll do it differently this time.

**CANCER** (June 22-July 22). You need to be able to disagree with your partner without going to war. Furthermore, a strong team needs to know how and when to set aside differences and form a united front.

**LEO** (July 23-Aug. 22). Guilt serves little purpose now. Your conscience has served you well. The wrongs of the past have been processed, the lessons learned. Let go and accept the grace of your own forgiveness.

**VIRGO** (Aug. 23-Sept. 22). Everyone is a piece of work. Luckily, the only piece of work you're responsible to take on is you. You can try to take on the others, but it's a guaranteed waste of time. Love and support doesn't mean doing the work (SET IT AL) for (END IT AL) someone.

**LIBRA** (Sept. 23-Oct. 23). The anticipation of pleasure is exciting and may even turn out to be the best part of an upcoming event. It won't be the first time that memories of the buildup and preparation overshadow memories of an actual event.

**SCORPIO** (Oct. 24-Nov. 21). Someone will be the shaper, and someone will be the shaped. For this reason, it's important to be around people whose influence is likely to be good, or who will be better off because of your influence over them.

**SAGITTARIUS** (Nov. 22-Dec. 21). Do not assume that the person who is causing you inconvenience or hurt is doing so willfully. Chances are that this person doesn't realize the impact he or she is having.

**CAPRICORN** (Dec. 22-Jan. 19). Remind yourself of just how far you've come -- not to fluff up your ego or fill yourself with pride, but to wake you up to the fact that this challenge in front of you is much like ones you've already surmounted.

**AQUARIUS** (Jan. 20-Feb. 18). Many people try to avoid pressure. You'll use it instead. Temporary tension or discomfort is what motivates you to take your life in an exciting direction.

**PISCES** (Feb. 19-March 20). There's a seduction in elegant reasoning and elaborate rationalizations. Resist the allure. Blame and explanation detract from the job at hand: self-reflection, owning up, truth, healing.

**TODAY'S BIRTHDAY** (June 6). You'll be someone's angel this year and have many heavenly experiences to fill out the role. This month your life is gaining new structure that will help you achieve a status you've long wished for. You'll be part of an unstoppable team in September. Financial highs come in December and March. Leo and Sagittarius adore you. Your lucky numbers are: 7, 29, 14, 37 and 5.
