EO-9084 PROPOSED Prospective Purchaser Agreement for Former Albertson's Site

Comments due: 5 p.m., Monday, July 31, 2017
Project location: 1300 SW Court Ave., Pendleton

Proposal: The Department of Environmental Quality seeks comments on its proposed consent judgment for a prospective purchaser agreement with the Pendleton Round-up Association concerning its acquisition of real property located at 1300 SW Court Ave. in Pendleton, Oregon (Property)

The site has been developed since at least the 1920s. Past uses include a road maintenance facility and a farm equipment and supply store and service facility. The current building was built in 1972 for retail use. During the 1998 remodeling of the site building, pesticides and petroleum contamination in soil and/or groundwater were reported to DEQ.

The Pendleton Round-up Association will complete cleanup actions at the property by recording and implementing long term engineering controls. The existing building will be remodeled and repurposed to contain exhibits related to the Pendleton Round-Up Rodeo. The repurposing of this property will result in substantial public benefit by providing employment and educational opportunities for the community.

DEQ created the prospective purchaser agreement program in 1995 through amendments to the state's Environmental Cleanup Law. The prospective purchaser agreement is a tool that expedites the cleanup of contaminated property and encourages property transactions that would otherwise not likely occur because of the liabilities associated with purchasing a contaminated site.

The proposed consent judgment will provide the Pendleton Round-up Association with a release from liability for claims by the State of Oregon under ORS 465.200 to 465.545 and 465.990, 466.640, and 468B.310 regarding existing hazardous substance releases at or from the property. The proposed consent judgment will also provide the Pendleton Round-up Association with third party liability protection.

How to comment: Send comments by 5 p.m., July 31, 2017, to DEQ Project Manager Katie Robertson by phone at 541-278-4620, by mail at 800 SE Emigrant, Suite 330, Pendleton, OR 97801, by email at robertson.katie@deq.state.or.us or by fax at 541-278-0168.

To access site summary information and other documents in DEQ's Environmental Cleanup Site Information database, go to <http://www.oregon.gov/deq/pages/index.aspx>, under the "Hazards and Cleanup" section, select "Environmental Cleanup Site Information Database" select "Search complete ECSI database", then enter 2208 in the Site ID box and click "Submit" at the bottom of the page. Next, click the link labeled 2208 in the Site ID/Info column. If you do not have web access and want to review the project file contact the DEQ project manager.

The next step: DEQ will consider all public comments received before making a final decision on the proposed consent judgment. DEQ will provide written responses to all public comments received.

Accessibility information: DEQ is committed to accommodating people with disabilities. Please notify DEQ of any special physical or language accommodations or if you need information in large print, Braille or another format. To make these arrangements, call DEQ at 503-229-5696 or toll free in Oregon at 800-452-4011; fax to 503-229-6762; or email to deqinfo@deq.state.or.us. People with hearing impairments may call 711.
