HOROSCOPES

ARIES (March 21-April 19). When it goes as planned time and again, you'll be sure to change the plan up. You don't want to bore your audience, and, even more importantly, you don't want to get bored yourself.

TAURUS (April 20-May 20). As for the people don't believe as you do: You treat their faith with respect and gentleness, as you would expect others to treat yours. In this way, world peace could be an eventuality.

GEMINI (May 21-June 21). Would you rather manage something you don't understand or understand something you can't manage? You'll have your choice of problems today.

ANCER (June 22-July 22). The thing to work on now is on selling yourself harder. This isn't about a lack of talent: You've got plenty! But do you have the belief and ambition and vision? Flesh it out.

LEO (July 23-Aug. 22). If you want to cry over love, love seems to always be able to find something for you to cry about. It's good for the emotional hydration system, like a wash of fluids through the whole network -- ultimately refreshing.

VIRGO (Aug. 23-Sept. 22). Honest introspection is the call of the day. Your soul's quieter needs will get attention. The outside world will reflect back to you what's happening with your inner life.

LIBRA (Sept. 23-Oct. 23). You may not have done right by yourself, but there's no need for punishment. That would only be counterproductive. Emphasize your positive characteristics, and ignore the behaviors you'd like to be rid of.

SCORPIO (Oct. 24-Nov. 21). Steer clear of dramas. Compassionate detachment will be the best way to help your loved ones. Walk a fine line, giving generously but not in a manner that would make them dependent on you.

SAGITTARIUS (Nov. 22-Dec. 21). Some around you are inwardly more insecure than you might have guessed. If you have to constantly reassure someone of your love, it will be very tiring. Anything you can do proactively will help.

CAPRICORN (Dec. 22-Jan. 19). There are those who will try and use their moods to manipulate those around them. But another person's bad mood should not have too much to do with how you go about your business. Bring your own emotional weather.

AQUARIUS (Jan. 20-Feb. 18). This day holds plenty of opportunities for whimsy, and you'll enjoy it to the degree that you take advantage of that opportunity. Take a gamble. Win or lose, the experience will be a win.

PISCES (Feb. 19-March 20). Success isn't a plate to be gobbled up alone: It's a banquet to share with many guests. Invite others to your recent win. More bounty is on the way.

TODAY'S BIRTHDAY (July 11). Your heart will be made full through friendships, family additions and romantic promises in the first third of your solar return. Lightning-bolt moments will come in October; react fast and make money! New financial partners come along in November. January doubles a prize. Stellar education is discounted in 2018. Leo and Scorpio adore you. Your lucky numbers are: 40, 3, 33, 39 and 17.
