Building a sustainable farm means more than treating the land and animals gently, it also means creating a workplace for employees that is safe, healthy and rewarding.

Our commitment to socially responsible practices guides us daily in how we manage our farm's most valuable resource - our employees. Our farm and dairy operations provide over 300 full-time jobs with health benefits and 150 seasonal jobs annually. We emphasize promotion from within, providing training and opportunities for workers to move up in our organization. By providing stable jobs, Threemile Canyon Farms allows workers to put down roots, building strong and sustainable rural communities.
