We are pleased to announce that the final Environmental Assessment (EA) and the draft Decision Notice and Finding of No Significant Impact (DN/FONSI) for the Tamarack Grazing Allotment Management Plan are now available for public review. This decision adds riparian fencing in Dark and Lost Canyon Creeks to protect mid-Columbia steelhead spawning outside of existing enclosures and allows for additional upland water developments to improve the distribution of livestock on the Umatilla National Forest's Tamarack Grazing Allotment. The current deferred-rotation grazing management system for this allotment will remain in place. Ann Niesen, Heppner District Ranger, is the Responsible Official for this project.

This project is located in the southern portion of the Heppner Ranger District in portions of the Wall

Creek and Lower John Day River/Kahler Creek watersheds within Grant and Wheeler counties. The legal description is as follows: Township 7 South, Range 25 East, Sections 13, 14, and 24-26; Township 7 South, Range 26 East, Sections 21, and 26-36; Township 8 South, Range 25 East, Sections 1, 2, and 11-14; and Township 8 South, Range 26 East, Sections 2-11, and 14-22, and 28-30 Willamette Meridian, surveyed. The planning area is approximately 19,441 acres, of which 19,391 acres are on National Forest System Lands and 50 acres are on private lands.

The draft DN/FONSI, the final EA, and supporting documents are available on the Umatilla National Forest's project webpage at: <http://www.fs.fed.us/nepa/fs-usda-pop.php?project=48680>.

This proposed decision is subject to objection pursuant to 36 CFR 218, Subparts A and B. Objections will only be accepted from those who submitted project-specific written comments during scoping or other designated comment period. Issues raised in objections must be based on previously submitted comments unless based on new information arising after the designated comment period(s). Objections must be submitted within 30 days following the publication of this legal notice in the East Oregonian. The date of this legal notice is the exclusive means for calculating the time to file an objection. Those wishing to object should not rely upon dates or timeframes provided by any other source. It is the objector's responsibility to ensure evidence of timely receipt (36 CFR 218.9). Objections must be filed by way of regular mail, fax (541-278-3730), email (see address below), hand-delivery, or express delivery to the Objection Review Officer: Forest Supervisor Genevieve Masters, Umatilla National Forest, 72510 Coyote Road, Pendleton, Oregon 97801. The office business hours for those submitting hand-delivered objections are: 8:00 a.m. to 4:30 p.m. Monday through Friday, excluding holidays.

Electronic objections must be submitted in a format such as an email message, plain text (.txt), rich text format (.rtf), or Word (.doc) to objections-pnw-umatilla@fs.fed.us with the Subject: Tamarack Grazing Allotment Management Plan. In cases where no identifiable name is attached to an electronic message, a verification of identity will be required. A scanned signature is one way to provide verification. Objections delivered by mail must be received before the close of the fifth business day after the objection filing period closes. Minimum requirements of an objection are described at 36 CFR 218.8(d). An objection must include a description of those aspects of the proposed project addressed by the objection, including specific issues related to the proposed project; if applicable, how the objector believes the environmental analysis or draft decision specifically violates law, regulation, or policy; suggested remedies that would resolve the objection; supporting reasons for the reviewing officer to consider; and a statement that demonstrates the connection between prior specific written comments on the particular proposed project or activity and the content of the objection, unless the objection concerns an issue that arose after the designated opportunities for comment.

For additional information about how to object, or for hardcopies of supporting documents, contact April Barron, South Zone Environmental Coordinator, Heppner Ranger District, at 541-427-5364 or abarron@fs.fed.us. August 1, 2017
