MEET YOUR ULTIMATE FARMHAND.

When you're looking to hire someone to work on your farm, what qualities do you look for? Maybe you think that your new helper should be versatile so that they can easily adapt to any job that you may ask them to do. Perhaps dependability is important. Or, possibly you consider strength as a deciding factor for those rigorous and demanding tasks on your farm. Fortunately for you, the T4 Series tractor has evolved with more efficient power to truly create your ultimate farmhand.

Whether you're in search of a basic utility tractor to haul wagons and rake hay, or a daily workhorse to feed the cows and scrape the barnyard, a T4 tractor is for you. Choose a T4 tractor with a flat-deck ROPS platform or the VisionView™ cab. You can also select a 2WD heavy-duty front axle, the standard-duty 4WD front axle or the heavy-duty FWD front axle. The choices are yours to make.
