HOROSCOPES

—By Holiday—

THURSDAY, SEPTEMBER 14, 2017

ARIES (March 21-April 19). Unsure which way to go, the temptation will be to fit into a group and march on. Don't be so quick to fall in line today. There's more for you! Dare to slow down (and stick out) for a minute to observe less obvious options.

TAURUS (April 20-May 20). When someone near seems a little blue, you hope to overturn the trend with your compassion and maybe a little levity. Hopefully you'll do this without setting up an expectation of becoming this person's 24/7 emotional babysitter.

GEMINI (May 21-June 21). You believe that what's worth having is worth working for. But what about when the ones who are doing the work are not the same ones doing the having? Try to set the unfair situation right.

CANCER (June 22-July 22). Maybe there are times when it's appropriate to make a sacrifice, but not now. Rest assured there will be absolutely no benefit to sacrificing your plans for the sake of entwining your life with someone else's today.

LEO (July 23-Aug. 22). It's like your mind's eye is wearing a bifocal. You'll slant your head one way to view the big picture and another to catch the small (perhaps bothersome) details. All in all you'll get an accurate view of the emotional landscape.

VIRGO (Aug. 23-Sept. 22). For you it's rather easy to see the difference between bravado and bravery, between the poseurs and the performers. More naive souls around you will be blind to the signals. Your role: wise protector.

LIBRA (Sept. 23-Oct. 23). In order to stay inside your own power zone today you'll need to be aware of the subtle forms of control that people may try to assert. Good news: If they don't work on you, they won't be reasserted anytime soon.

SCORPIO (Oct. 24-Nov. 21). Lately you're conscious of trying to be extremely laid-back about relationships. You don't put others in a position of having to choose between you and the other important things in life, and this will be much appreciated now.

SAGITTARIUS (Nov. 22-Dec. 21). Filmmakers aren't the only ones who benefit from knowing when to go close and when to back up for the wide angle. When you're setting something up, it's important to focus close.

CAPRICORN (Dec. 22-Jan. 19). In the name of wholeness, you'll be pulling together polarities within you -- strengths and weaknesses, attractions and repulsions, the private and the public parts of your personality. There's power in accepting it all.

AQUARIUS (Jan. 20-Feb. 18). You realize that any business you get into is going to have a certain outlay that you'll have to recoup before you make a profit. Go for the sweat-based instead of the cash-based investment. You'll learn more.

PISCES (Feb. 19-March 20). Your tolerance for boredom is low now and getting lower by the hour. This will work in your favor, as you'll go out of your way to create fun and excitement. Just keep it positively focused!

TODAY'S BIRTHDAY (Sept. 14). There's a rebelliousness that accompanies this solar return, and you'll overturn the status quo to get more control over your destiny. A flight of fancy will turn into something lucrative at year's end. You'll form a tight team for a victory that serves all in January. Something you lost will return to you in 2018. Leo and Gemini adore you. Your lucky numbers are: 9, 18, 45, 22 and 37.
