ARIES (March 21-April 19). They're falling in love with your smile. If only they knew how difficult it can be to take the sunny route. It's often automatic, but just as often not. Something good usually happens when levity wins, though.

TAURUS (April 20-May 20). How much caring is too much? You'll wonder this as your love expands along with your involvement in, and expectations of, a relationship. Take your time. This part requires thoughtfulness and space.

GEMINI (May 21-June 21). There are people from your past whose paths you may never cross again who think of you in a certain way. You can't control or change that, but you can definitely make a fresh impression on the people you meet today.

CANCER (June 22-July 22). To wish for an easy route -- well, it wouldn't be wrong, but it wouldn't be you, either. You'll take what comes naturally and know what it feels like to get stronger and smarter for the work.

LEO (July 23-Aug. 22). Some will find the way; others will find the excuse. You're at a point where you need to decide how much it means to you. Much will be riding on how important the mission is and how deeply you are committed to it.

VIRGO (Aug. 23-Sept. 22). Reality and your dream of it do not seem very far apart from one another today. But there are still a few key differences. Take these obstacles into consideration one by one. Be methodical.

LIBRA (Sept. 23-Oct. 23). Conflict comes from facing life head-on. So does peace. Avoidance keeps the tension going unnecessarily. Today, everything is better handled very quickly if not immediately. Speak to each moment in that moment.

SCORPIO (Oct. 24-Nov. 21). The people in charge may place roadblocks to deter the faint-hearted or those who are only mildly interested. You've every reason to keep trying. You'll quickly prove you're not in that category, and doors will open to you.

SAGITTARIUS (Nov. 22-Dec. 21). The leadership position will come with stressful responsibilities and expectations, and yet somehow that won't bother you the way it would others. Things will be better when you're in charge.

CAPRICORN (Dec. 22-Jan. 19). Relax and let things unfold naturally. Even with today's lengthy to-do list, you'll approach with the right attitude, handle it all and even have some fun along the way.

AQUARIUS (Jan. 20-Feb. 18). You see funny things today -- or maybe you just notice what's always been there but you suddenly see the humor in it. Stress levels go down with every laugh.

PISCES (Feb. 19-March 20). Opportunities will present themselves in coy, understated ways. The best one will sit quietly, not drawing much attention. You won't be fooled. You know a good thing when you see it. Seize the moment.

TODAY'S BIRTHDAY (Sept. 27). A win-win: You'll inspire people as you look for inspiration yourself. You'll get to know someone much better and this will lead to lifestyle upgrades and improvements. The spiritual work you do has very practical benefits in 2018. Romance decorates your year. You'll complete a study or big project in May. Aries and Taurus adore you. Your lucky numbers are: 7, 39, 2, 28 and 44.
