HOROSCOPES

By Holiday

THURSDAY, NOVEMBER 9, 2017

ARIES (March 21-April 19). You bring out the brilliance in others by asking the right question. It's an understated one that does the trick. This is great because your mind is hungry for intelligent conversation, and it will do something for your heart, as well.

TAURUS (April 20-May 20). You want to acquire as much knowledge as you can about your area of interest, even if that means learning the mean side of it. To learn the unsavory truth is a rite of passage.

GEMINI (May 21-June 21). It's not a matter of simply thinking positively about things that are obviously not ideal. That's just called lying to yourself. Rather, you'll see a positive potential and explore it bit by bit until it opens up.

CANCER (June 22-July 22). As for the people who are close to you, you chose them for a reason and that reason will become apparent as the day unfolds. Don't keep your insights to yourself. This is something worth mentioning.

LEO (July 23-Aug. 22). You still remember the first impression a person made on you, for better or worse. Now something about that impression will seem prophetic -- just more proof that you really have terrific intuition.

VIRGO (Aug. 23-Sept. 22). Uncertainty is a stage of learning. Be patient with yourself. Accept your natural rhythms and process. It's not always going to be a string of "aha!" moments. You may fumble around lost for a while, and that's part of it, too.

LIBRA (Sept. 23-Oct. 23). In the past you were driven to accomplish certain aims to the point of single-mindedness. Now your life is bigger, but you have the ability to focus with intensity if you still want the same goal. All that's left to do? Decide.

SCORPIO (Oct. 24-Nov. 21). There are those who can't relate to your plans and won't come onboard. Don't worry about convincing them: They're not your audience. Focus on the ones who get you and build from there.

SAGITTARIUS (Nov. 22-Dec. 21). This day will bring awareness to the emotional payoff you've been seeking (probably unconsciously until now). How will you feel when you get what you want? And might there be other ways to arrive at that feeling?

CAPRICORN (Dec. 22-Jan. 19). You like contributing to the happiness, comfort and adventure of others. You like making people laugh. Your drive to entertain and delight will be much stronger than usual, and you'll effectively follow through.

AQUARIUS (Jan. 20-Feb. 18). Ultimately, you'll feel lighter when you let go of some of your demands on life. The ones that fit in the past may not be the right size and shape for you now. Re-think your goals for the new cycle ahead.

PISCES (Feb. 19-March 20). What used to be a tedious and time-consuming project can now be accomplished in a few minutes when you delegate the main action to a human or a technological process. Even if it costs a little more this way, it will be worth it.

TODAY'S BIRTHDAY (Nov. 9). Your good deeds will shine like a candle in a dark world, so go where you're supported for being your best self. There will be a big win in February. It should be noted that you will spend a significant amount of time in Cupid's clutches and have a poetic heart and brilliant fire to apply to your life and work as a result. Virgo and Aries adore you. Your lucky numbers are: 5, 3, 28, 11 and 16.
