ARIES (March 21-April 19). Recently, something might have happened between you and another person that, in one way, signaled that one of you understood what the other was going through. But in another way, it was offensive. So much lies in the interpretation! Emotions need a rest.

TAURUS (April 20-May 20). Your experience of the world is unique and all yours. So don't be surprised when they don't seem to be on the same page. They might still get there. All that's needed? A few flips.

GEMINI (May 21-June 21). Maybe the job is getting repetitive. Or maybe your life is getting repetitive. Though you don't get paid for life outside of work, it can become just as monotonous as the 9-5 grind. But something will break the cycle of repetition. And that will please you immensely.

CANCER (June 22-July 22). Things today will be the same as yesterday, and yet you're a lot different -- not a little, a lot. Why? Answer this question and your next big idea is on the tails of it.

LEO (July 23-Aug. 22). Whatever led you to your love, you'll follow it again and again. It's not because you think it will lead to your love; it's because you know it will lead to your rapture.

VIRGO (Aug. 23-Sept. 22). Oh! The same old questions will come again and again... but you don't have to give the same tired answers. Change it up. They'll ask, "How are you?" And your creative answer will better your fortune.

LIBRA (Sept. 23-Oct. 23). Your responsibilities will be more fun than you anticipated they would be. Involve people who share your sense of humor. It's the magic combo. You can't lose.

SCORPIO (Oct. 24-Nov. 21). The overarching feeling is the thing. If someone picks up on the details and tries to make a case, well... that may be sound in theory, but theory is not practice. What's real is what's going on. So: What's going on?

SAGITTARIUS (Nov. 22-Dec. 21). If you can resolve the historical, you can resolve the present. Bonus: Sometimes this happens without actually having to get your hands dirty in the present.

CAPRICORN (Dec. 22-Jan. 19). What you wouldn't give for a clean slate. It's the wish of everyone: Don't forget it. And the grace of society is that minor infractions can be rewritten and glossed over with the stroke of a wand. Really! So just start new.

AQUARIUS (Jan. 20-Feb. 18). Running into an ex is only fun if you happen to be looking even better than you were. It's why you give extra effort to the mirror today. You never know!

PISCES (Feb. 19-March 20). Someone is being super mean to you. This goes way back. It's not about you, but that doesn't make it any easier not to take it personally. Stand strong. The cosmic forces are with you.

TODAY'S BIRTHDAY (Nov. 15): You are strong on your own, and yet you'll also have a hero in your life this year. In 2018 you'll make a trade that improves your lot. Also you may be willing to give something up for love -- but not everything! A brush with fame has a lesson in it. You'll be building a team in February. Pisces and Capricorn adore you. Your lucky numbers are: 3, 33, 39, 19, and 14.
