

Meet Your Cancer Crushing Team

It's *your* Tri-Cities Cancer Center

Your Tri-Cities Cancer Center is the **FIRST CANCER CENTER IN THE NATION**

to be certified for the American Society for Radiation Oncology Accreditation Program for Excellence APEX®. This is the gold standard in radiation oncology accreditation, which focuses on patient-centered care, the process of care, radiation oncology team, safety and quality management.

Our nationally accredited NAPBC Breast Center is a collaborative effort between the Tri-Cities Cancer Center, our three owner hospitals - Kadlec, Lourdes Health and Trios Health, and our partnership with outstanding local physicians. Over 30 area physicians and ancillary staff, specializing in breast cancer, continually partner across these organizations to provide the best breast cancer care available. World-class treatment, close to home.

Modern Healthcare named the Tri-Cities Cancer Center one of the top 150 healthcare organizations to work for in the United States. Each year, Modern Healthcare recognizes outstanding employers in the healthcare industry on a national level.
