HOROSCOPES

By Holiday

FRIDAY, NOVEMBER 24, 2017

ARIES (March 21-April 19). Who is on your side? Not that people have to be on your side for you to get something out of interacting with them. But if they do happen to be on Team You, you're going to feel much more comfortable and free around them.

TAURUS (April 20-May 20). Lying opens the door to doubt. It makes it hard to believe or to be believed. There's a small and tempting lie hanging over you -- maybe it seems like the kinder choice -- but if you can avoid it, do.

GEMINI (May 21-June 21). Improvement is the goal. If improvement is always the goal, eventually you'll hit the heights. But if you make the heights the goal, every small win will be diminished by the cruelty that is comparison.

CANCER (June 22-July 22). For the sake of being orderly, you may have to cut something out. You may have to lose a lot of something, actually, but the remaining part should be much easier to manage.

LEO (July 23-Aug. 22). The simplicity of your approach will be disarming to those dealing with massive complexities. And as they pause to observe, perhaps in wonderment or maybe just to chuckle to themselves, you'll make your next brilliant move.

VIRGO (Aug. 23-Sept. 22). Strongly consider putting your thoughts into written form, especially in a letter to someone you appreciate. Everything about the written expression will be thoughtfully received, maybe even cherished.

LIBRA (Sept. 23-Oct. 23). If you can keep to the topics and activities that contribute to your health and stay on purpose, this is no small thing. Reward it. You might be surprised how few people can do this.

SCORPIO (Oct. 24-Nov. 21). Every family has its own kind of delicate balance to strike, and today you're throwing weight in this corner or the other just to keep things afloat. Don't wear yourself out over it. Give others a chance to contribute.

SAGITTARIUS (Nov. 22-Dec. 21). Your family balance may be upset, but this is very positive. It's what had to happen to strengthen the bonds. Tonight, you're open-minded. You may even be willing to travel beyond reality as you know it.

CAPRICORN (Dec. 22-Jan. 19). Do you have people around you who believe in you even more than you believe in yourself? Because that's a gift. Treasure them, and let them know about that, too!

AQUARIUS (Jan. 20-Feb. 18). Today's luck springs from appreciating where you come from, partly because you're now experienced enough to understand the pressures and freedoms of adulthood and the difficulties involved in raising another human.

PISCES (Feb. 19-March 20). In the wizarding world, you say your spell, wave your wand, and it's done. In the physical world, there's so much more breath and flesh to involve in it. Maybe that's better. Work will feel good to you today.

TODAY'S BIRTHDAY (Nov. 24). It's not that you want a total change, but a few key refinements on your wish list will be granted in the next three months, and this will up your entire game. January is the start of a new level of self-love and acceptance. March brings a change of scenery, and June is all about building up your loved ones. Gemini and Capricorn adore you. Your lucky numbers are: 44, 5, 16, 21 and 37.
