HOROSCOPES By Holiday

THURSDAY, NOVEMBER 30, 2017

ARIES (March 21-April 19). What you're looking for is out there, but you have to start asking the right questions to find it. Asking friends is a start, but a stranger will be able to tell you more.

TAURUS (April 20-May 20). Personal disclosures are, as a rule, unprofessional, and you're glad about that. Now if only everyone else would get the memo! You're in the mood to be concise and to the point, avoiding chitchat.

GEMINI (May 21-June 21). Your conscience will be even more influential over your day than usual. Your mind will hold on to responsibility until it's handled. For this reason, if you get the hard work out of the way first, you'll have a much better day.

CANCER (June 22-July 22). The magic itinerary for maximum happiness isn't something that you'll naturally luck into. It's a puzzle to work out. The perfect plan must be researched and carefully thought through. You can do this.

LEO (July 23-Aug. 22). You'll be looking at the bottom line and thinking about how you can get there faster, with less of a mess, and fewer involvements along the way. The others probably aren't thinking along these lines. So how will you bridge the gap?

VIRGO (Aug. 23-Sept. 22). Though you've looked at it carefully, you can't see every angle. Stay open. Maybe you've already made up your mind, but try to open it anyway. Value the input of others.

LIBRA (Sept. 23-Oct. 23). You may never get the complete agreement you want, but the potential for concession, cooperation and getting your goals met will be very high if you can avoid argument and conflict altogether.

SCORPIO (Oct. 24-Nov. 21). Witnessing a messy drama, you get the feeling that it would be wise to limit your involvement. The trouble is, you're already involved; you just don't realize yet how.

SAGITTARIUS (Nov. 22-Dec. 21). You're not doing the work merely to earn money. There's much, much more involved, including the need to express yourself, to fill a need and to contribute to an experience all can be proud of.

CAPRICORN (Dec. 22-Jan. 19). Why is it that the more you want something, the harder it is to ask for it? It's as though the energy of wanting has an actual weight to it that makes the exchange more cumbersome.

AQUARIUS (Jan. 20-Feb. 18). The project will progress with teamwork, which is not something you can achieve by crushing weak links and dissenters with smart-bomb logic. Forget about being right. All for one and one for all.

PISCES (Feb. 19-March 20). It's empowering to have choices. Neediness is a function of limited choices. If you're feeling a little needy, think bigger. Figure out how you can create more choices for yourself.

TODAY'S BIRTHDAY (Nov. 17). It's big-picture stuff this year. You'll make a life defined by what you do, not by the world's reaction. You'll care less what people think and understand about your work, and you'll set new standards for yourself that have to do with achieving a brand of success that's extremely meaningful to you. Victory will be yours! Libra and Capricorn adore you. Your lucky numbers are: 41, 1, 9, 17 and 22.
