FRIDAY, DECEMBER 8, 2017 ARIES (March 21-April 19). Q: Who tries things a thousand unsuccessful ways before getting one winner? A: Winners. You're attempting something that's not guaranteed, and easy results are not a part of this endeavor, but keep going anyway.

TAURUS (April 20-May 20). The aim is to make decisions based on your vision for your life, not the moment-to-moment minutiae of moods.

GEMINI (May 21-June 21). Some will be very aware of rank and order and who's coming in first place and last place, etc., but you can be assured that your gut feeling on the matter is 100 percent correct: It's not about all that. It's about the work.

CANCER (June 22-July 22). Though you'll be tempted to take on a task that is as challenging as it is ridiculous, consider this wise saying first: Don't teach a pig to sing; it frustrates you and annoys the pig.

LEO (July 23-Aug. 22). Even though you're the cat of the zodiac -- i.e., the top predator and, it follows, king of the jungle -- you have a merciful side.

VIRGO (Aug. 23-Sept. 22). Everyone has a secret -- something to remember when you're bored with social interactions. Persist. Guaranteed, there is something interesting to know here if you hang in and pay attention.

LIBRA (Sept. 23-Oct. 23). Though it's not wise to measure your progress by someone else's standards, it's also the way the world works, more or less, in the practical order of things.

SCORPIO (Oct. 24-Nov. 21). Are you getting the feeling that the perfectly right moment you're waiting for is never going to happen? Well, you're right about that.

SAGITTARIUS (Nov. 22-Dec. 21). Since you have baggage around being socially accepted today, you can act out (without trying, because it is just who you are), and you can enjoy the way it pushes everyone's boundaries, including your own.

CAPRICORN (Dec. 22-Jan. 19). To notice then react -- this is how an awake world operates. To notice and not react -- well, that's the usual. You're different. Prove it today.

AQUARIUS (Jan. 20-Feb. 18). You're not so worried about becoming something these days. It's more about un-becoming those things that were imposed on you. Things that served other people's interests, not yours.

PISCES (Feb. 19-March 20). You've mined the gold in your mistakes before, but this vein is deeper than you imagined. It's a good time to look back and consider how you might have done it differently, and how you'll do it next time.

TODAY'S BIRTHDAY (Dec. 8). You don't shy away from goals just because they push you into uncomfortable territory. You know what's worth doing, and that will be the guiding principle of this solar return.
