HOROSCOPES

By Holiday

THURSDAY, DECEMBER 14, 2017

ARIES (March 21-April 19). Anything and everything can be taken to extremes, including the smallest things.

TAURUS (April 20-May 20). Something's not right in the setup. You can either go along with the program or raise your hand.

GEMINI (May 21-June 21). Identity is more fluid and nuanced than most people think. But as the twins of the zodiac, you already understand that each person is often a subtly different person for every fresh situation.

CANCER (June 22-July 22). Invisible cords entwine your soul with the soul of each person you love. Today, you can send and receive messages through these cords regardless of where the other person is in the world or beyond.

LEO (July 23-Aug. 22). Even though you're not entirely happy in every moment with where you are, in many ways the setting of the day will feel ideal.

VIRGO (Aug. 23-Sept. 22). Your best guess is a good one but it's still not good enough to act on. A scientific approach is going to bother your teammates and slow down the action considerably.

LIBRA (Sept. 23-Oct. 23). Just when you think you're doing better in a certain area it gets worse in another. Growth can be strange like this, but you can count on the fact that it's all building in a positive direction.

SCORPIO (Oct. 24-Nov. 21). On the one hand, you love yourself enough to get the things you want. On the other hand, this involves sacrifice and work you don't feel like doing.

SAGITTARIUS (Nov. 22-Dec. 21). You'll experience luck so uncanny that your actions may seem to be guided by an invisible finger of fate.

CAPRICORN (Dec. 22-Jan. 19). You hold the people around you to a certain standard, and then you hold yourself to another one that's much, much higher.

AQUARIUS (Jan. 20-Feb. 18). You might get nostalgic for the moment you're living right now. Love does this to you. You realize that you're in a very sweet, shared part of life passing through your fingers like a handful of sugar.

PISCES (Feb. 19-March 20). You'll become increasingly self-sufficient as this solar return progresses. A kindly stranger comes into the picture in early 2018 who can forward your interests.

TODAY'S BIRTHDAY (Dec. 14). Your attuning with nature will be more than a hobby; it will be a path to physical vitality, better relationships and there may even be professional facets.

504 Homes for Sale
