HOROSCOPES

By Holiday

WEDNESDAY, FEBRUARY 7, 2018

ARIES (March 21-April 19). You want to be near people who are having a good time. You think it will rub off on you. But it will only rub off on you if you're somewhat interested in the subject of the good time. Go where there's a match of ideology.

TAURUS (April 20-May 20). You'll never be bored today. You'll look at everything and store it up. You'll arrange and rearrange this collection of facts, details and tangibles until something makes sense, or until it's time to sleep, whichever comes first.

GEMINI (May 21-June 21). Sometimes you stuff your feelings down like a person trying to fit one more thing into an over-full trash bin. But feelings aren't cast-off refuse. They're worthy of being set on the shelf. Examined. Maybe even admired.

CANCER (June 22-July 22). It gets better when you get better. Or maybe you make it better, and then you get better, too. Either way, the thing to do is to be actively hopeful. That won't be difficult for you at this busy time.

LEO (July 23-Aug. 22). While there are those who would go to great lengths for treasure and tribute, you're mild on the idea. What does it really mean, anyway? When you're fully rich on the inside, no amount of external validation can make you richer.

VIRGO (Aug. 23-Sept. 22). Saying nothing says something. It says a lot, actually. Today the silent response has meanings including, but not limited to, "I disagree," "I have a secret," "I can't be bothered with this," and "I'm processing the emotional impact of this."

LIBRA (Sept. 23-Oct. 23). You sense when people need their space and when they need to feel closer to you. As you honor the unspoken requests of others, they invest increasing amounts of trust in you.

SCORPIO (Oct. 24-Nov. 21). In searching for your advantage in a situation, take this suggestion from Thomas Jefferson: "Nothing gives one person so much advantage over another as to remain always cool and unruffled under all circumstances."

SAGITTARIUS (Nov. 22-Dec. 21). You want them to follow your plan. It's not an easy ask right now. How can you make them want and need to follow your plan instead of making them feel as though they have to follow it?

CAPRICORN (Dec. 22-Jan. 19). You're proud to have powerful friends, but sometimes this makes you feel, by comparison, less successful than them. Success is measured in many different ways. What will it take to broaden your definition?

AQUARIUS (Jan. 20-Feb. 18). People say they need their freedom, and then they head straight for a different kind of prison. Structure trumps freedom. It's finding the right structure that's the key, though, and that's what you're searching for now.

PISCES (Feb. 19-March 20). You've been known to put yourself in stressful situations just to see if you can find your way out. Of course you can, silly. You don't have to do this to yourself, and it's kind of a waste of time today. So stop it!

TODAY'S BIRTHDAY (Feb. 7). A windfall starts this solar return on a high note. One of your cosmic gifts now is that you're mysterious to people, and they want to get to know you better. You'll have more social opportunity than you know what to do with this year. April brings a fantasy to life. Regarding your personal life: July beckons you in a new direction. Sagittarius and Libra adore you. Your lucky numbers are: 6, 39, 2, 21 and 48.
