ARIES (March 21-April 19). Life on

earth can be attributed to the flow

of water distributing organisms all over this planet. The life of the hu-man body is also a function of water

flow. You'll think better and be you highest self when properly hydrated

TAURUS (April 20-May 20). If you

THURSDAY, MARCH 22, 2018

GEMINI (May 21-June 21). You will be the calm, centered one today, and don't be surprised if the tightly wound and high-strung individu-als are even more attracted to you than usual. It's an excellent match, actually.

CANCER (June 22-July 22). Don't forget that you were built from scratch. Once upon a time, your cells knew how to multiply perfect-ly to make you. And you still have amazing powers of regeneration, which will be applied to your body, mind and spirit.

LEO (July 23-Aug. 22). The magic doesn't need you to believe in it. It goes on regardless, a gift for any taker. This is one of the few times when it's OK to be a taker. Take as much as you want. There is plenty to go around to go around.

VIRGO (Aug. 23-Sept. 22). It would be easy to get seduced by extrinsic standards of success. These can only satisfy you when attached to a pursuit that will also feed your need for meaning and purpose. Is this re-ally your true north?

LIBRA (Sept. 23-Oct. 23). What you're offering isn't right for every-one, but for the customer who needs it, it's everything! This is a day to find your fit -- in love, business, food and any other pursuit you can think of.

SCORPIO (Oct. 24-Nov. 21). Before you even think about being happy, there are some basic responsibili-ties and obligations to get out of the way. With your stellar attitude, you should be able to find happiness while tending to those things.

SAGITTARIUS (Nov. 22-Dec. 21) You made the key decisions and did a lot of the work. Still, there's much to be gained by letting the others get the credit. They'll buy in, move forward and do even more than you could alone

CAPRICORN (Dec. 22-Jan. 19) Your top priority is people. A good team with a mediocre plan is better than a mediocre team with a good plan. If you don't feel like you have the right people around you, this is a good day to go out and get more candidates.

AQUARIUS (Jan. 20-Feb. 18). This is no time to accept defeat. You're almost there! Keep the fight going. Adapt as necessary. Have the cour-age to take action again and again but take it from different angles.

PISCES (Feb. 19-March 20). In this whirlwind of a day, if you can figure out how to do something as straightforward as surrounding yourself with quality people and doing what you enjoy, you'll be among the privileged few.

TODAY'S BIRTHDAY (March 22). Your popularity surges this solar re-turn. People feel your genuine inter-est in them and will move in closer to your warmth. This favorably affects your personal life and business life, too. Your family will grow in June. One particular talent comes to the fore, and you'll cash in handsomely with it in September. Libra and Gem-ini adore you. Your lucky numbers ini adore you. Your lucky numbers are: 10, 2, 22, 28 and 14.
