Note: 6 years old well bred, broke, brains and he's beautiful, standing 15-2 hh. Finished head horse been hauled to local jackpots. He's got a lot of try, he's great in the box, scores well, runs to the hip, counter bends, pulls correctly and faces quick. He's not just a horse someone's heading on he's a head horse, he's done the drills, started slow on the hot heels, logged a lot he knows how to pull. Started correctly on slow cattle now he can handle whatever comes through the chute. Easy going horse, very calm disposition. He's been packed and hunted, on easy to catch, loads and hauls great. **Pen 72**

Note: Nice quiet gelding, many many miles on the trails, spent all winter and spring working cattle: tagging calves, doctoring, checking and moving pastures and shipping. He goes where you send him and isn't herd bound. We've started roping the smarty in the arena and he's taking it in stride. BJ doesn't get rattled or panic; he's very level headed. Well made with good short cannon bones and a real nice foot, he handles different terrains well. BJ is a gentle enjoyable ride. Sound and healthy. Coggins. **Pen 19**
