Consignor: Zach Proctor, Yacolt, WA

Note: Zeus is a true 16h 2012 solid APHA gelding. We have used him in the branding pen and I believe he would stand tied off to one all day and not think twice. We roped the lead steer all summer and he has a really good start on both ends roping out of the box. My 6 year son has used him at youth roping clinics roping the drag dummy and at games shows in the headline class. We even used him to pack flags in a small grand entry. Zeus is ready for someone to make him their number one. Current coggins and health papers. For videos and more pictures <https://youtu.be/vRDyFWD9k0E> **Pen 39**

He's been around cattle, sorting pairs, and has doctored some. Spuds trotted around the barrels a little This gelding does not do anything stupid. He is a great trail horse that just about anyone could ride. He sells 100% sound, great for the farrier, loads and trailers great.
