About Public Notices

Public notices inform citizens about the activities of government bodies —such as budgets and public hearings, upcoming meetings and elections —so that citizens can make their opinions known before an action is taken or a rule or law is made. They also include information about foreclosures, unclaimed and forfeited property, estate claims and probate notices, summons, and calls for bids.

Cosmic Trine of Waterworks
If you feel your eyes well up at the experience of a particularly effective commercial, or if a seemingly ordinary personal connection somehow has you turning on the waterworks, you can blame an emotional trine of the Pisces moon and the Cancer sun. The benefit is that tears have healing power. Side note: so does sweat.

ARIES (March 21-April 19). In a daring mood, you may be inspired to break a few rules, but only to promote the good guys who are being kept down. "Vivacious renegade" is your new title, and you wear it so well.

TAURUS (April 20-May 20). Don't worry if your efforts seem a bit scattered right now. When you see how ineffective this approach is, you'll get focused and make a better plan. A checklist will serve you well.

GEMINI (May 21-June 21). You're even more outgoing than usual, and the connections you make will benefit you in many ways. So follow the instinct to get to know someone. New friendships will be casually ignited.

CANCER (June 22-July 22). You make wonderful things out of scraps, leftovers and the raw materials that no one else can figure out what to do with. It will be a fun thing for others to watch, so you'll have an audience.

LEO (July 23-Aug. 22). New endeavors may frustrate you, but you probably just haven't committed enough practice time to be excellent at this yet. Keep working. Before you know it, those small daily efforts will add up to the results you desire.

VIRGO (Aug. 23-Sept. 22). Your high emotional intelligence shows up in your ability to empathize with a rather difficult person. Once you get a sense of how this person is feeling, future dealings will be much smoother.

LIBRA (Sept. 23-Oct. 23). Those who opt for over-the-top expressions of love and affection may actually care less than the mild-mannered person who chooses subdued but specific ways to help and honor you.

SCORPIO (Oct. 24-Nov. 21). Left unchecked, destructive emotions can eat away at the body, mind and heart. When you get a negative feeling, own it; name it; let it speak to you. Your feeling will tell you precisely what it is that you need to let go of.

SAGITTARIUS (Nov. 22-Dec. 21). What you have is not exactly what you want. You're going to find a way to make it work. Do the business at hand and the business you wish for will eventually happen.

CAPRICORN (Dec. 22-Jan. 19). The multitasking person is not only less effective at all tasks but also less attractive while doing them. Intentional and focused people are charismatic, which is why you'll get so much attention today.

AQUARIUS (Jan. 20-Feb. 18). Attachment is a form of greed. It's rooted in the belief that more is necessary, which is rooted in a belief that there is not enough. That's where the falsehood lies. Whatever it is, there is already enough.

PISCES (Feb. 19-March 20). You're inclined to be hospitable to the needs and wishes of others. This selflessness will be the best part of your day. Your efforts will make an experience smoother and more pleasant.

TODAY'S BIRTHDAY (July 3). Your confidence and self-acceptance will be the basis of great strides this year. You'll stretch outside your usual interests, and exciting things happen there. Love goes right. You'll feel like you are your best self around a certain someone. November features a vote or judgment in your favor. There's a windfall in February. Leo and Scorpio adore you. Your lucky numbers are: 40, 33, 32, 16, and 9.

Independence Day Moon
For Americans, Independence Day is fireworks, family, barbecue and the birth of a nation. The spiritual Pisces moon offers thoughtful moments to consider what freedom means and what it costs in these times. No man or nation can stand totally alone. It is wise to honor not only our independence but also our interconnectedness.

ARIES (March 21-April 19). Greed is the black hole of sins. It always wants more. It cannot be satisfied. It can, however, be combated. It will happen today by way of a reversal. Greed will be broken by generosity.

TAURUS (April 20-May 20). Re-peating a thought doesn't make it more true or more likely to become reality. Looping thoughts need interruption, which can be achieved by distracting yourself with a task that requires a high level of concentration.

GEMINI (May 21-June 21). You now understand that you don't need what you thought you needed. In fact, you can get by with less and/or different. You may be able to make a trade today.

CANCER (June 22-July 22). If you're not looking after yourself properly, it will be like opening a door to negative thoughts and low self-esteem. What do you wish your fairy godmother would do for you? Whatever it is, do it for yourself. It's an excellent start.

LEO (July 23-Aug. 22). Conflict- ing advice will be part of today's challenge, and also part of the fun. How will you know what to choose? There's no right or wrong choice; it's a matter of taste and fit. And you're the expert on what you like and what feels good to you.

VIRGO (Aug. 23-Sept. 22). If you can eliminate the absolutes from your vocabulary today, all of the things you "always" or "never" do will be off the table and you can focus on the lovely shades and specifics between extremes.

LIBRA (Sept. 23-Oct. 23). You're in the business of making things happen. However, it will be very beneficial to put that business aside for some time because it will be in the moments in between, when nothing happens, that you will feel most fully alive.

SCORPIO (Oct. 24-Nov. 21). The magic combination is roughly the same as it was yesterday. With the right attitude for the job, the amount of effort necessary to make things happen and reasonable expectations, you will continue to succeed.

SAGITTARIUS (Nov. 22-Dec. 21). Let the cynics make fun of the world; you'd much rather make fun of yourself. People will appreciate your honesty and vulnerability. You'll make them laugh as they relate to your story.

CAPRICORN (Dec. 22-Jan. 19). This thing you want is going to take more work than you thought. A coach can help you work smarter and faster. Unambiguous feedback is what you'll need, and you're tough enough to hear it, too.

AQUARIUS (Jan. 20-Feb. 18). Know what can be done and what cannot be done. These are facts; it's nothing personal. But as you do what can be done, more will fall under your jurisdiction.

PISCES (Feb. 19-March 20). You have a starring role in someone's thoughts. Though this person's casting of you may be a bit unrealistic, it's not entirely off. You'll have fun stretching yourself into the part, as long as it's close to who you want to be.

TODAY'S BIRTHDAY (July 4). There are no limits on your dreams, and your achievements are within your reach. Creating an environment that will consistently support you is a commitment; don't expect it to happen overnight. Stay compassionate. Get a new coach or teacher to help you transition into your new life. Scorpio and Aquarius adore you. Your lucky numbers are: 17, 8, 9, 33 and 40.
