

A Smaller Size.

BIGGER, BETTER, TECHNOLOGY!

Experience natural hearing discreetly with the Signia Nx

This incredible new technology is a major step forward in providing you hearing aids that closely resemble normal hearing. Benefits include:

- Natural sounding, Own-Voice Processing.
- 75% better acceptance rate for first-time wearers.
- Discrete, nearly invisible designs for improved comfort.
- Ultra HD sound for the best sound available.
- Direct to phone connectivity to endlessly stream to your phone and TV with superior sound.
- 350x faster processing speed.
- Rechargeable options, no more changing batteries!
- Industry leading speech understanding in noise.
- Automated programs for every environment.
- And Much More!
